

NEW CONCERN SHOWN—Marcel DeRudder's surgeons are concerned about a new complication—kidney malfunction—as their unconscious patient's partial artificial heart continued untrillingly to pump. Methodist Hospital in Houston, in a final advisory on Sunday, reported the 65-year-old Westville, Ill., man "has improved in several respects"—although "some decrease of kidney function" began developing. In the photo, Dr. Michael DeBakey closes final chest incision during Thursday's milestone six-hour operation. The plastic dome of the artificial heart protrudes through DeRudder's chest. (NEA Telephoto)

Hanoi Planes Fail To Renew Challenge

SAIGON, South Viet Nam (AP) — Communist war planes stayed well out of the way of American jet aircraft Sunday after their first challenge in 10 months to the U.S. raiders had failed.

The defense of North Vietnamese targets was left to Communist ground gunners who knocked down two U.S. Air Force planes with intense sur-

face-to-air missile and anti-aircraft fire, a U.S. spokesman said.

Two Others Lost

Two other U.S. planes were lost Saturday, apparently to anti-aircraft fire.

American pilots saw no Communist MIG jets Sunday, a spokesman said, even though U.S. Air Force and Navy planes hammered targets in the same general area where the Americans shot down two MIGs in dogfights Saturday.

On the ground in South Viet Nam, five major American operations met little enemy resistance. But the South Vietnamese said they had better luck.

Report 245 Cong Killed

Vietnamese forces reported killing 245 Viet Cong and capturing 20 weapons along a canal in the Mekong Delta 100 miles southwest of Saigon.

A Vietnamese spokesman reported that the Viet Cong left another 50 dead in an attack on preparing to open a road north of Nha Trang. Vietnamese casualties were reported light.

The two U.S. Air Force planes shot down Sunday were F105 Thunderchiefs. A "good chute" was sighted from one plane, indicating the pilot was safe but probably captured. No parachute was sighted from the second plane.

Plane Loss Hits 221

Both planes were shot down about 30 miles northeast of Hanoi, the same area where two other Air Force F105s were blasted from the sky Saturday. This brought the total number of U.S. planes lost over North Viet Nam to 221.

The U.S. planes Saturday and Sunday were on similar missions—the disrupting of the main road and rail link from Hanoi to Communist China. The key target was the Back Giang Railroad bridge, 25 miles north-east of Hanoi.

Some of the 33 missions flown Sunday by the U.S. Air Force over North Viet Nam were against targets along the Red River Valley. Phantom F4Cs, Thunderchiefs and B57 Canberra jets hammered highways, ferry complexes, highway bridges and staging areas.

Pound Vinh Sector

Navy planes from the carriers Enterprise and Kitty Hawk hit 44 targets in North Viet Nam, concentrating around the coast-

Must Beat Poverty as Well As Reds, Hubert Tells AP

NEW YORK (AP) — Vice President Hubert H. Humphrey said today peace in Asia depends on victory against "poverty, disease and despair" as well as against "the classic power tactics of communism" in Viet Nam.

"We must not lose the peace in either struggle," the vice president said in a speech prepared for the annual meeting of The Associated Press.

"That is why we have committed once more—as we have had to do before—men, money, and resources to help the nations of Asia help themselves toward security and independence," Humphrey added.

Cautioning that "it won't be easy, it will be frustrating and at times heartbreaking," Humphrey said:

"We must stay and see it through. And the free nations of the world need to know that we

have the vision and the endurance to do so.

"Those who threaten their neighbors in Asia should know that we will resist their aggression."

Humphrey, who returned two months ago from a nine-nation Asian tour, added, "They should also know that we bear no consumptive hate against their people, that we have no design on their sovereignty."

"We only look toward the day when all nations may choose to live in harmony with their neighbors—when they may turn together their energies to building a better life for their peoples," he said. "For this is after all our second great task before us: the desperate need to narrow the widening gap between the rich and poor nations of the world."

Humphrey said that it is not possible to preserve lasting

Accidents Mar Area Weekend, KHS Senior Killed in Esopus

Mayor Not Running For Seat

Thinks He Could Win Over Resnick

The Dutchess County Democratic Committee meets tonight and will undoubtedly endorse Congressman Joseph Y. Resnick for reelection but support for the freshman law maker may not be as wholehearted as it appears.

Kingston City Mayor Raymond W. Garraghan, for one, thinks that Resnick can be beaten in a primary. "I choose not to run," said Garraghan. "But if I did, I would beat him."

Had to Shut Off Phone

Garraghan was quoted on the radio Saturday as confirming reports that he had been approached by Dutchess County Democrats in reference to opposing Resnick.

"It came as quite a surprise to me that I had support in Dutchess, Greene, and Schoharie counties. I got so many phone calls this weekend on the subject that I had to have my phone shut off."

The mayor insisted that he had no intention of running for Congress at the present time. "I've got too much work to do as mayor of Kingston," he said. "And I intend to get it finished. However, I am gratified to learn that there are people that consider me as congressional timber."

1968 Something Else

When asked if he intended to run in 1968 for Congress, Garraghan said, "It's a possibility. This recent support I've gotten has certainly been encouraging."

16,071 Is Total For Lions Show

The largest crowd of this year's Lions Exposition, 4,464, attended the closing night program of the Kingston Lions Club 19th Annual Home and Auto Show Saturday, April 22. The official statistics for the five-day show list 16,071 total attendance which is slightly under last year's record attendance.

In making the announcement Jack Feltham, chairman of the 66 Lions Show, said that the show was very energetic and highly successful. The theme of this year's exposition "Living 66" was in evidence as the pub-

(Continued on Page 31, Col. 6)

Merged Dailies Struck By Guild; Four Publish

NEW YORK (AP)—A strike by the Newspaper Guild of New York has shut down the merged World Journal Tribune before the new corporation could start publication which had been scheduled for today.

A voluntary shutdown by four other daily newspapers was averted when their publishers decided to keep printing on a day-to-day basis.

Matt Meyer, president of the new corporation, said shortly before midnight that he could not predict when the merged papers would be published. This was in view of the fact that none of the 10 unions in the newspa-

per industry has a contract with the World Journal Tribune Inc. The AFL-CIO Newspaper Guild set up picket lines Sunday at the plants of the Journal-American, the World-Telegram & Sun, and the Herald Tribune—all of which published their last editions as separate entities during the weekend.

Pickets Are Assigned

The pickets signaled the start of the third major newspaper strike here in less than four years. Officials of the Guild, which has the support of the other unions, said the strike was called primarily because of a dispute with the publishers over who

Wilson, Aldrich, Rolison Get GOP Nod; One Test of Strength

There was only one "test of strength" Saturday night when the Ulster County Republican committeemen met at the County Court House to endorse and recommend candidates for political positions to be filled this year.

The test came over endorsement of a candidate for the office of Congressman from the 28th Congressional District.

Would Avoid Endorsement

An attempt to amend a resolution endorsing Alexander Aldrich, which was offered under the co-sponsorship of Peter Savago, New Paltz, majority leader of the Ulster County Board of Supervisors, and Kingston Attorney John L. Larkin, was made by Alderman John Maichone of the 12th Ward. The amendment was to the effect that the Republican committee of Ulster County take no action to endorse any candidate and not confirm the recent action by the Ulster Executive Committee or confirm the action of the 28th Congressional District Convention which endorsed Aldrich by a vote of 8 to 2.

The Machione resolution, seconded by Supervisor Robert Phinney of the 11th Ward, was lost and the committee men proceeded to unanimously endorse the candidacy of Aldrich over Hamilton Fish Jr. of Dutchess County.

After the first note of discontent was dispelled the convention proceeded in a quick and orderly manner to endorse candidates for office.

Other Endorsements

Supervisor Joseph Martorana of Poughkeepsie offered a resolution endorsing Dutchess County Republican Chairman Jay P. Rolison as Republican candidate for State Senator from the new 38th Senatorial District. Rolison, a Poughkeepsie attorney, had been given the backing of retiring State Senator R. Watson Pomoroy and Hamilton Fish Jr., two prominent Dutchess County Republicans. This is the first time that Dutchess County and Ulster County join as a State Senate District. Through the redistricting Ulster is no longer in the same district with Greene County from which the present State Senator Lloyd A. Newcombe of Catskill comes.

On the vote called for by County Chairman Kenneth L. Wilson, presiding officer, Rolison was unanimously endorsed. Assemblyman Kenneth L. Wilson, Woodstock, was the unanimous choice of the committeemen to succeed himself.

The resolution of endorsement

PORT EWEN FATALITY—An 18-year-old Kingston youth was killed early Saturday afternoon when his motorcycle went out of control on Route 9W and hit a utility pole opposite the Hi-Lo parking lot, Port Ewen. Troopers said Eugene R. Smith, of 70 Ravine Street, was pronounced dead on arrival at Kingston Hospital where he was taken by Doctors Ambulance. A state trooper views the spot where the body landed after the mishap and the wrecked motorcycle. (Freeman photo by Kruh)

Signs Zone Shifts For Beatty, Holiday

Mayor Raymond W. Garraghan today said he has signed measures from Friday night's Common Council meeting approving a housing development on a

Beatty Farm site and to permit a Holiday Inn complex off Washington Avenue, but because of a technicality he will delay signing one to permit an apartment development on a Linderman Avenue tract.

Two Were Absent

A question has arisen, he said, over the fact that two aldermen were absent from the Friday meeting and the contention that a vote of three-fourths of the council is required for approval of the Linderman Avenue petition because it had once been rejected.

He has contacted the Attorney General's office and awaits an opinion from there. He had received many telephone calls, he said concerning the three-fourth vote question. A 9-2 vote was recorded on the Linderman Avenue proposal and the vote on the others was 11-0.

Income Fund Enterprises, of Jamaica, L. I., seeks to build a 273-unit garden type apartment development on Broadway at Orchard Street was also delayed pending further study, the mayor said. The zoning change petition was approved by an 8-3 vote.

He declined comment beyond a brief statement that he has been contemplating gradual withdrawal from political activity for some time.

Asked if developments at the Democratic convention prompted his resignation, Tiano replied:

"Not in the least. I have been pondering my political future for some time and after careful consideration came to the conclusion that this would be a propitious time to reduce my political activity."

"I prefer in the future to spend more time with my family and other personal interests."

Tiano said he would retain his post as committeeman from the third election district in the Town of Woodstock.

County Democratic chairman

10 Perish In 18-Inch Texas Rains

KENEDY, Tex (AP)—Tornadoes smashed into two small south Texas towns early today, leaving 250 homeless and causing heavy property damage, as new torrential downpours hit the water-soaked state.

Three persons were injured when one twister demolished virtually all homes on the east side of Kenedy, pop. 4,235, at about 12:45 a. m. Another tornado hit Runge, pop. 1,055, 11 miles northeast of Kenedy, about the same time.

Numerous highway bridges were swept away or weakened. Rail traffic on at least one main line was halted when a bridge collapsed, sending a diesel engine into the swirling water.

Lowland areas near Longview, Gladewater, Kilgore and Marshall have been evacuated and a major flood warning has been issued for the Sabine and Cypress rivers in northeast Texas.

Forecasts called for more heavy rainfall and thundershowers today.

The Sabine River was expected to rise 10 feet above flood stage today at Gladewater, where 18-19 inches of rainfall fell in a 48-hour period.

A railroad bridge on the main Texas & Pacific line west of Longview was knocked out Saturday and a diesel engine plunged into the creek.

A dam at Devernia Lake, between Gladewater and Longview, washed away Sunday and rails from tracks atop the dam knocked off the control valves of an oil well.

Highwater forced the closing

Is Thrown Off Cycle, Hits Pole

Boy, 14 Drowns; Gunshot Is Fatal

Six persons were victims of fatal accidents in the area since midnight Friday, including a 14-old-boy who drowned in a creek at a Saugerties camp, and an 18-year-old Kingston motorcycle rider, who was fatally hurt in a Port Ewen mishap.

The grim report for the county area was reflected elsewhere in the state.

Fires Claim Nine

Seven children and two adults died in three separate fires over the weekend as the New York State accidental death toll numbered 24.

In addition, 12 persons died in traffic mishaps, including the area fatalities. Two of the traffic deaths occurred in motorcycle accidents and four persons died when struck by automobiles.

Three of the Area victims died of injuries suffered in highway accidents, and one died of accidental gunshot wounds.

The dead include:

Eugene R. Smith, 18, of 70 Ravine Street, city, who was injured fatally at about 1:40 p.m. Saturday when he was thrown from his sport-type motorcycle on Route 9W about a mile and a half south of Kingston.

Drowns in Creek

George Hagopian, 14, of the Pine Grove Camp for retarded children, Saugerties, who drowned in a creek near the camp about 5 p. m. Saturday and Stanley Ambroz, 38, of Hempstead, who died at 9:20 a. m. Sunday of gunshot wounds suffered 12 hours earlier at Acri in Greene County.

Others killed were Ronald L. Polay, 22, and his brother Dwight F. Polay, 26. Both of Cato, who were fatally injured early Saturday in a tractor-trailer accident on Spellman Road, Hyde Park, and Lawrence J. Fox, 17, of 2127 Batchelder Street, Brooklyn, who died Saturday morning as the result of a traffic accident on Route 9W south of Route 23A, Town of Catskill.

Highland State Police said Smith was operating his motorcycle north on Route 9W when three cars slowed in front of him. Troopers reported that Smith pulled out in an attempt to pass the cars when the cycle apparently went out of control and struck a utility pole.

Many Witness Tragedy

Smith's body was hurled into the parking lot at the Hi-Lo Department store. It was said many shoppers witnessed the fatality,

Push Sullivan Search for Boy

FALLSBURGH, N.Y. (AP)—State and local police plus scores of volunteers resumed the search in foggy weather today for seven-year-old Ross Davis, last seen Saturday afternoon in his grandparents' back yard.

More than 700 officers and volunteers combed the brushland area near this Catskill community Sunday without turning up any trace of the youngster.

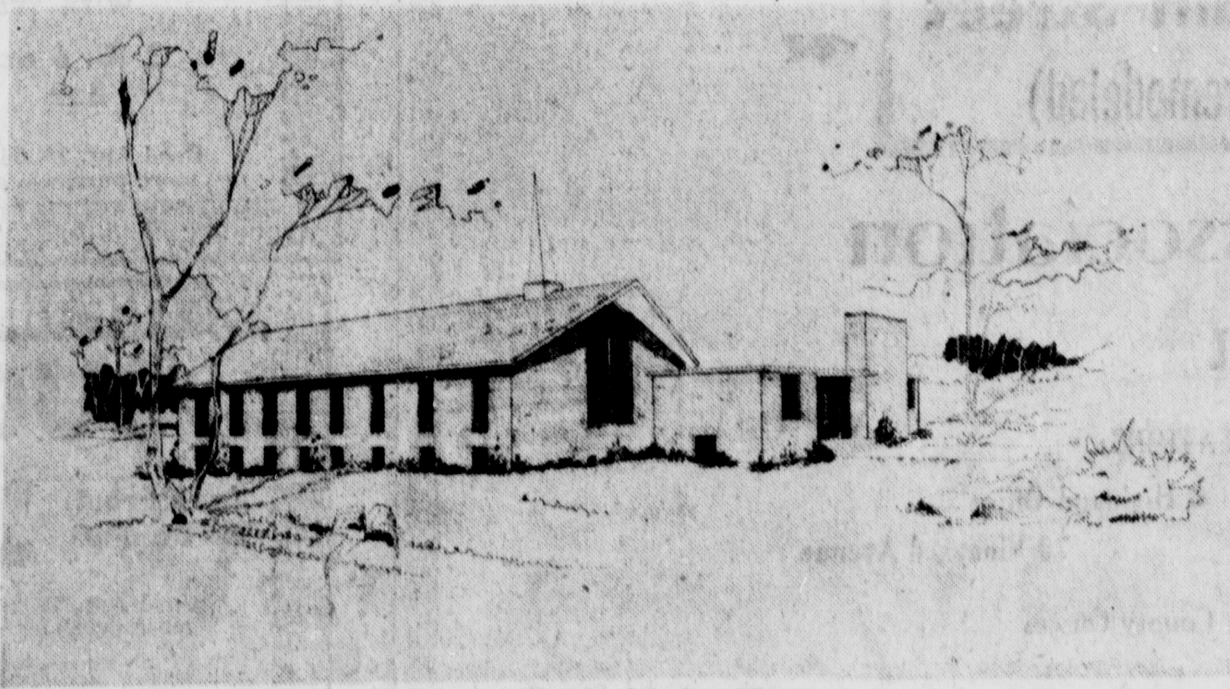

Rain hampered the search operations that continued through the night.

The boy's grandmother, Mrs. Helen Davis, first missed him at about 3 p.m., but did not call police until 7 p.m.

About 100 soldiers from the U.S. Military Academy joined the hunt and camped in the area overnight to rejoin the search party today.

Airman Survival School Tough But Could Save Lives

HINESVILLE, Ga. (AP) — An officer stood in a prison compound and surveyed the thatched huts about him. He was a veteran of Viet Nam. To him, this was very real.

It was meant to be realistic. This is the Combat and Survival School of the Air Force 4th Mobile Communications Group. The Air Force believes that if an airman is captured in time of war, he ought to know how to escape.

And if he escapes, he should have every chance of surviving the rigors of the jungles of Viet Nam.

In Prison Compound
Lessons of escape and survival begin in the classrooms at

Helps Solve 3 Biggest FALSE TEETH Worries and Problems

A little PASTERETH sprinkled on your dentures does all this: (1) Helps hold false teeth more firmly in place; (2) Holds them more comfortably; (3) Lets you bite up to 35% harder without discomfort. PASTERETH Powder is alkaline (non-acid). Won't sour. No gummy, goopy, pasty taste or feeling! Avoid embarrassment. Get PASTERETH at all drug counters.

Hunter Air Force Base at Savannah and shift to classrooms at Ft. Stewart. But the real tests come in the prison compound and the surrounding swamps and piney woods of coastal Georgia.

The classroom instructors become prison guards. The students become prisoners of war. Frequently, an instructor purposely will make a miscount of prisoners assigned to a work detail. This is a key situation for a prisoner who wants to escape. If he doesn't take advantage of it, he gets a mark against him. Another instructor acting as a sentinel will lower his guard deliberately, giving a prisoner the opportunity to overpower him and escape. If the prisoner doesn't seize the opportunity, he gets a mark against him.

The course lasts 19 days. More than 600 men have passed through the camp since March 1965.

A Must for Communications
The training is mandatory for members of the communications group, because they may be called on to establish communication units for ground forces in Viet Nam.

There was a day when the Army and the Marines provided protection to Air Force communications men. But under new

Air Force concepts, this now is up to the communications men. To an airman, Hinesville is the equivalent of being sent "up the river." But they know it is a test of survival which could mean the difference of life and death.

Woman Fotog Cited

SYRACUSE, N.Y. (AP)—Photographer Margaret Bourke-White of New York City is the recipient of the Newhouse Citation from the Syracuse University School of Journalism "for significant contributions to the field of visual communication."

Miss Bourke-White has been with the staff of Life Magazine, except for a brief period, since 1934. The citation is named for Samuel I. Newhouse, publisher of the Newhouse newspapers.

Finally, a search party went out. They converged on a tree and found the source — a noisy baby owl.

Not Outer Space Beeps
SEATTLE, Wash. (AP) — Reports spread of strange objects and possible visitors from outer space when residents kept hearing a strange beeping from the woods near a lake southeast of Seattle.

A further deterrent arises from the sale of securities owned by banks at losses to secure the money to make loans to commercial borrowers.

Having been in the very center of the securities market for more than 35 years, I can say that today the common stocks of the six giant financial institutions mentioned in this article are on the bargain counter.

Recently, the estate of a very wealthy man was settled. In it, there were 50,000 shares of a leading New York City institution. The stock broke down \$10 a share in a few days under the impact of the forces recorded here. And, as yet, the price has not recovered.

The conditions outlined here are true of the leading institu-

Investor Forum

NEGLECTED EQUITIES

By Harry C. France

Prime bank stocks are being neglected by conservative investors for a variety of reasons. Yet, in my opinion, many are on the bargain counter.

New York City bank equities are encompassed by several significant forces. Billions of their deposits are represented by certificates of deposits and by time money, both of which earn interest.

The six biggest banks, Chase, Manhattan, First National City, Manufacturers Hanover, Chemical, Morgan-Guaranty, and Bankers, have total domestic deposits of more than \$34,500,000,000. Of this vast sum, \$17,500,000,000 is in demand deposits that earn no interest.

Now, after setting up reserves, these institutions have billions of dollars to lend at relatively high rates of interest. The prime rate in New York City — the interest changes to the best borrowers — starts at 5½ per cent.

Another current deterrent to bank stock investment is the threat of a New York City tax against these big institutions. The banks are fighting it.

New York City owns and operates the bus and subway lines. Fares are 15 cents. The yearly transportation deficit runs into millions of dollars. But to raise money, the city proposes to tax banks rather than to increase fares.

A further deterrent arises from the sale of securities owned by banks at losses to secure the money to make loans to commercial borrowers.

Having been in the very center of the securities market for more than 35 years, I can say that today the common stocks of the six giant financial institutions mentioned in this article are on the bargain counter.

Recently, the estate of a very wealthy man was settled. In it, there were 50,000 shares of a leading New York City institution. The stock broke down \$10 a share in a few days under the impact of the forces recorded here. And, as yet, the price has not recovered.

The conditions outlined here are true of the leading institu-

tions in the Middle-west and on the Pacific Coast.

Trust departments of banks are large contributors to profits. The big institutions manage the financial affairs of countless individuals whose interests lie outside money management.

Today, yields of from four to five per cent are available to bank stock owners and periodically, extra tax-free stock dividends are voted.

When a bank pays out 50 per cent of its net earnings in cash dividends the capital account grows and these additions are made available when the directors vote extra dividends.

Bank stock dealers buy and sell shares for their own account without making commission charges.

THE FORUM

(Q) "Should I buy U.S. Treasuries paying five per cent to maturity or bank shares paying four per cent?"

Blame Plane's Wiring

ROCHESTER, N.Y. (AP) — A malfunction in an electrical wiring system was blamed for flashing an emergency light which sent an airliner back to Rochester-Monroe County Air-

port eight minutes after takeoff. The signal indicated a fire, but none was found when the four-engine United Airlines Viscount landed Saturday night as emergency crews stood by, a Monroe County sheriff's deputy said.

The airplane, Flight 719 carrying 14 passengers and a crew of four, resumed its journey and arrived at Buffalo an hour behind schedule.

What price college???

40 years ago, \$600 to \$1,500

15 years ago, \$2,000 to \$4,000

today, \$5,000 to \$10,000

**Let SAVINGS & LOAN ASSOCIATION
PAY 25% OF THE COST!**

Rising college costs for each generation of Americans makes a parent wonder, "will my son ever be a college graduate?"

You'll pay a high price, but who wants his youngster \$250,000 poorer in his lifetime than his college-trained friends? That's the estimated income advantage of a typical college graduate over a high school graduate. And money isn't the only advantage—there's position, knowledge, satisfaction!

Why not share the \$5,000 to \$10,000 college costs with Savings & Loan Association? If you save enough over the years for three years of college, our earnings (currently 4½% a year) will pay for the fourth year free.

The ONLY Savings Association with THREE Ulster County Offices

Many Join New Group Working For Handicapped

Interest is running high in the City of Kingston and surrounding school districts in Ulster County in local work for handicapped youngsters. A large number of interested people turned out for a meeting of the Ulster County Association for Perceptually Handicapped Children Wednesday night at the Benedictine Hospital Nurses Residence. They were there for the purpose of taking out membership in this newly organized group.

Aims and Goals Listed

A report was given by the Association's president, Henry Stingel, on the aims and goals of the organization. He said aims are to promote education for children who present special learning disabilities.

Goals are to promote the establishment of a diagnostic center for identification and aid of children with this handicap. Other goals are to promote State and Federal legislation in support of brain-injured children, promote special teacher training in area colleges, give assistance to families of these children to help them understand and aid their children at home and in the community. Very important, also, is the need to work with county school systems and provide information relative to educational aids, scholarships and grants available and individual problems of the children.

Another aim would be to promote interest in pre-school, Junior High and High School special classes for older brain-injured children. John Curchi, a member of the steering committee of the Association, gave a special report on the results of a meeting of interested parents with Congressman Joseph Y. Resnick. Reports were also given by Mrs. Albert Tannin on bills now in the Legislature for brain-injured children and Mrs. Ernest Ryan spoke on her attendance at the Third Annual Conference for teachers of brain-injured children sponsored by Division for Handicapped Children, State Education Dept. and

the N. Y. Association for Brain-Injured Children. Theme was New Direction for Teachers of Children with Learning Disabilities.

Much has been accomplished in the past few months by this young organization to gain more information on what can be done to help children with learning disabilities resulting from injury to the brain, before, during and after birth due to difficult or prolonged labor, anoxia, R.I.F. factor or other causes. This also includes children who have suffered from a severe childhood illness with prolonged high fever, encephalitis, meningitis or other infection, or trauma as a result of a fall or blow to the head. Depending upon the areas of damage and the severity of the injury, brain-injury may result in sensory impairment, cerebral palsy, learning difficulties, speech and language disorders, seizures, etc. A large percentage of these handicapped children can be almost completely rehabilitated through educational training and thus become useful citizens.

Persons interested in gaining more information about the Association for Perceptually Handicapped Children may telephone or write Henry Stingel for further details.

Aldrich to Speak To Teenage GOP Club

Alexander Aldrich will be the guest speaker at a meeting of the Teenage Republican Club of Kingston Tuesday at 8 p. m. at the Court House on Wall Street.

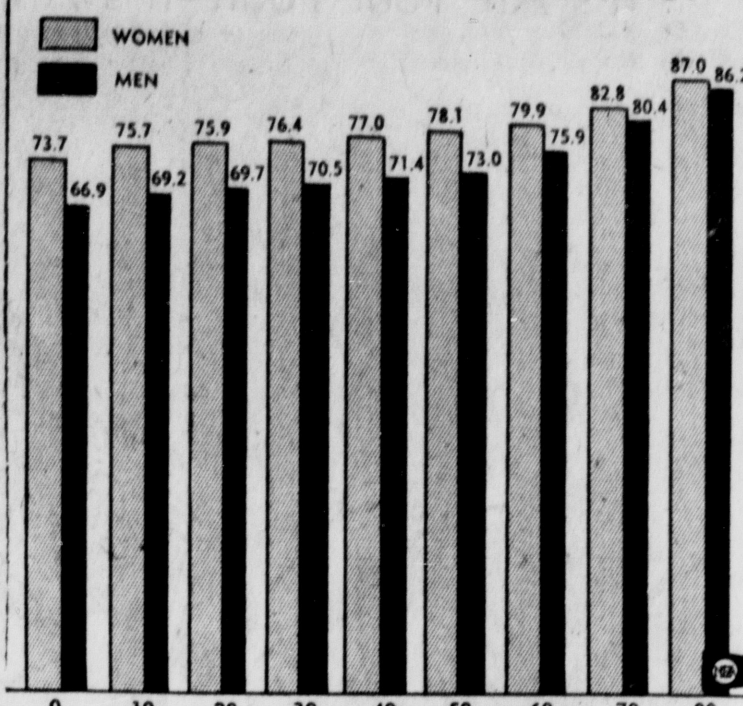

Aldrich was endorsed for the 28th Congressional candidacy Saturday night during the Republican convention at the Court House.

Linda Wilkie, chairman and William Warner, vice-chairman, said Tuesday's meeting will be open to the public.

Always Handwritten

The Torah, a scroll of the Jewish Law, is never printed. A new Torah must be handwritten according to strict rules, and always on parchment. A worn Torah is repaired or put aside, never destroyed.

THE LATEST ON LIFE EXPECTANCY

The average life expectancy for all Americans now just tops the Biblical three-score-and-ten at 70.2 years. But the number of years still ahead for any individual can vary considerably according to age at present and sex. Graph, based on latest figures by the U.S. Public Health Service, shows differing age-group life expectancies for men and women. Figures at bottom are for present ages from birth through 80 years.

Today's Business Mirror

By SAM DAWSON, AP Business News Analyst

NEW YORK (AP) — Tax and profit prospects, alternately blowing hot and cold, probably have had even more to do with the fevered trading and price swings on stock markets than have the speculative yearnings of amateur investors.

But whichever is the cause, both Wall Street and Washington have been worried and have either taken or warned of restrictive measures to cool the markets down.

Notes Inflation Fears

Prospects of increased taxes can dim the corporate profit outlook, and make stocks less alluring. Taxes are tied closely to fears of inflation. When government statistics indicate the economy is strong enough to handle both guns and butter without strain, inflation fears dwindle. When the economy is found to be booming faster than expected, inflation fears — and tax increase predictions — rise.

Profit prospects are tied just as closely as taxes to the growth in the economy. Profit gains are dependent, too, upon the ability of industry to cope with rising production costs. But traders also are wary of the inroads of higher taxes on corporate profits.

Whatever the future of tax rates, the profit outlook right now is pleasing to many investors. The booming economy is a prime reason.

Total consumer spending rose 3 per cent to an annual rate of \$452.6 billion in the first three months of the year. The gain in industrial output since last fall was at an annual rate of 13 per cent. The \$17 billion surge of the Gross National Product, the total output of goods and services, put it at an annual rate of \$714 billion and foreshadowed a gain for the year as a whole of 6 per cent over 1965.

But stock traders were also looking at profit margins and productivity. Both seemed brighter than they had just a few weeks ago.

Sales Profit Unchanged

Manufacturers were making about the same profit on each dollar of sales as in the final months of 1965, although a drop had been predicted. Sales were rising in most industries. Backlogs of orders were growing as new orders outstripped shipments.

Productivity — the unit labor cost in manufacturing — was a bit more favorable than the average of both 1964 and 1965. Business spending for plant and equipment in the last two years was beginning to bear fruit in more efficient production, offsetting rising labor and material costs.

Plans 4-1 Stock Split

BUFFALO, N.Y. (AP) — Trico Products Corp. plans to propose a 4-for-1 split of its common stock to its shareholders at their annual meeting on June 1.

The proposal also calls for a proportionate increase in the number of authorized shares.

Officials also announced Saturday that net earnings for the year ended Dec. 31, 1965 were \$5,456,000, or \$12.21 a share on 446,890 shares of capital stock outstanding. The figures compared with 1964 earnings of \$3,652,000, equal to \$8.27 a share on 441,629 shares outstanding.

AP Notes Heavy Cost of War in Men, Finances

NEW YORK (AP) — The Associated Press Board of Directors said in its annual report today that the cost of covering the war in Viet Nam has been heavy, both in casualties and financial expenses.

Two Are Killed

"During the year two Associated Press men were killed," the board said. "Four others have been wounded in Viet Nam. Due to escalation of the war, it was necessary to more than double the size of the staff there." The report, read at the annual AP meeting, said:

"The year was marked, too, by an increasing flood of news from Washington and greatly expanded government actions in all news fields.

The quick shifts in news emphasis and the need for expertise in writing for an increasingly sophisticated public, call for new methods of handling news. The Associated Press now has special task forces available for major news developments."

The AP meeting, in addition to hearing the report, voted to fill seven vacancies on the 18-member board of directors and acted on the applications of 29 associate newspaper members to become regular members of the AP, whose news report reaches 900 million people around the world.

Vice President Hubert H. Humphrey was the guest speaker at the AP luncheon after the business meeting.

Paul Miller, president of The Associated Press and president of Gannett newspapers, presided at the meeting and luncheon.

Wes Gallagher, general manager of The Associated Press, reported to the news executives on the activities of the cooperative news gathering association during the past year.

Other highlights of the meeting were personal reports in depth from Viet Nam and the Dominican Republic.

The directors, commenting on the new task forces, added: "One is a staff of experienced space and science writers assigned to the major space

flights—there are more of these every year.

"A second task force, formed this past year, consists of specialists in covering racial developments. These staff men, normally working in various bureaus around the country, converge on any area where their experience will be helpful.

"A third mobile emergency force is ready for assignment to enterprise projects connected with the spot news report.

"One of the year's major developments was the complete

reorganization of the Wirephoto network to remove state barriers and to permit movement of the best quality pictures across state lines on a regional basis.

Eight Regional Bureaus

"In the first major change in Wirephoto routing since the network was established more than 30 years ago, there are now regional control bureaus in eight cities outside of New York—Chicago, Atlanta, Dallas, Los Angeles, San Francisco, Boston, Philadelphia, and Washington."

NATIONAL YWCA WEEK

It is good practice for every investor periodically to review his holdings and to check them for stability, gains, losses, prospects for growth and dividends. This is a practice that holds true for an individual, a community or a nation.

And because this is National YWCA Week—April 24 through 30—we take occasion to point out that the Young Women's Christian Association in this city is a community interest in which every citizen has a stake.

Since its founding here, the Kingston YWCA has established a record of genuine stability, growth and liberal income to all citizens of this area through its service dividends. The YWCA is a Christian organization offering a wide program of development of the individual, mentally, physically and spiritually. Beyond serving individual needs, the YWCA as a voluntary membership movement is a means for women and girls to serve the whole community. Civic affairs are the concern of many groups in the organization. In this organization, all are accepted and respected as individuals yet offered the opportunity to belong to a group involved in carrying out and working for the good of all.

The Kingston YWCA operates a teenage recreation on Friday evenings known as the Cellar Club, which is extremely popular with the area teenagers. The local YWCA also offers classes in a variety of subjects from art to bridge playing.

In more than 5,500 locations throughout these United States, the YWCA is helping young people to grow in mind, body and spirit, and to develop as contributing citizens to the communities in which they live. Millions of girls and women are enriched by the opportunities the YWCA offers. This community as well as our nation is enriched through them.

The National YWCA Week's theme is one directed to each citizen of the community, "Invest in Yourself—Join the YWCA." This we point out, is good advice to each citizen because the YWCA is a community investment, continuing to work toward the betterment of Kingston and Ulster County. We urge your continued interest and support in behalf of this organization.

MANY STUDY ABROAD

One of the most interesting developments in higher education in this country is, in a sense, not taking place in this country. The reference is to the growing practice, among American colleges and universities, of establishing foreign campuses.

Word has just come from England that Stanford University has opened its fifth European campus at Grantham, Lincolnshire. Its other foreign learning centers are in Tours, France, Stuttgart, Germany, Florence, Italy, and Semmering, Australia. Other American institutions of higher learning have similar undertakings, some of them in cooperation with universities abroad.

Through such programs, students from the United States are enabled to study abroad as a regular part of their academic course. This has various advantages, not the least of which is the opportunity of learning much about another culture at first hand. It is good that such programs of study abroad are on the increase.

CRACKS IN JET TAILS

The discovery of hairline cracks in the tail assemblies of Boeing 707 jets has touched off a worldwide hullabaloo. This is not surprising, since there appears to be good reason for thinking such cracks may have been responsible for crashes in recent months. Boeing has cooperated with the Federal Aviation Agency in alerting airlines around the world. All of these giant planes are being checked, and cracks have been found in some of them.

Boeing says that repair of the faulty tail sections is a minor operation. No doubt that ought to be gratifying to those who expect to travel on such planes.

But it would be even more gratifying to have some assurance from the FAA that it will institute tighter inspection procedures—at the assembly line, if that is what the circumstances demand, or if necessary in the form of a continuing check after planes are in service. The thought of flying in plane with tail assembly cracks, hairline or otherwise, is not one to breed confidence in the safety of air travel.

'These Days'

By JOHN CHAMBERLAIN

THE "OVERSEAS CHINESE" DESERT

RED PEKING

One of the more astounding reports coming from Indonesia is that the recent ransacking of the Red Chinese embassy in Jakarta was led by students "of Chinese descent." This could be used as evidence to support one of two things: either the Indonesian Chinese—and there are supposedly 2.5 million of them—are grabbing the opportunity to show they have become good Indonesian nationalists, or they are suddenly disclosing that they have all along preferred Chiang Kai-shek's Taiwan Chinese to Mao Tse-tung's Red minions in Peking.

Whichever way you take it, it would seem obvious that Peking has no magnetic appeal for the so-called "peripheral Chinese" who exist in large numbers throughout southeast Asia, the Philippines and the South Sea Islands. These Chinese, according to rumor, have been lavished with their foreign exchange remittances to the Red homeland. If this is true, it could only be because of a perverse nationalist or radical pride in Mao Tse-tung's success in conquering the mainland.

Certainly there cannot be much class-consciousness in it, for the "peripheral Chinese" are mostly engaged in commercial enterprises, which would naturally give them a middle-class psychology. It follows that once Peking has betrayed the sort of weakness that has become evident in its loss of favor in Indonesia, the overseas Chinese must desert the Communist cause for whatever groups seem to be winning, whether they be pro-American or just plain nationalist.

The faint-hearted in Washington who are now talking up the desirability of quitting on South Vietnam because of the local Buddhist disturbances tend to overlook the evidence of sensational success for the anti-Communist side in Indonesia. And, amid the general gloom along the Potomac, dire predictions are being made that Thailand will not be able to resist Red Chinese subversion if the U.S. withdraws its forces from Saigon. No doubt the defense of Thailand would be logistically difficult if the U.S. were forced to help defend its remote Northeast section, which is close to North Vietnam and to Red China itself. But, unlike the South Vietnamese, the Thai people happen to believe in their central government, which is stable and willing to support the economic aspirations of all its citizens.

Moreover, the three million Chinese now living in Thailand have never shown any particular sympathy for the Red conquerors of mainland China. They are no potential Fifth Column. Unlike the rulers of the predominantly Moslem areas in Malaysia and Indonesia, the Thai government has always followed an assimilationist policy vis-à-vis its local Chinese. Bangkok is the capital of a true melting pot. This has been due to its Buddhist traditions, which accept tolerance and forbearance as a matter of course.

A first-generation Chinese shopkeeper in Thailand will send his sons and daughters to Thai schools, where they will absorb Thai beliefs. And when the sons grow up to take over their fathers' businesses, their enterprises tend to become an indistinguishable part of the economic bloodstream of the Thai nation. There is no limitation in Thailand on Chinese participation in civil service jobs; indeed, there are at least three persons of Chinese blood in the present Thai cabinet. By contrast, the Malaysians have had to limit Chinese blood participation in their civil service to one out of four jobs.

If and when the U.S. forces out of South Vietnam, it should only be after the reconstruction of some effective regional Southeast Asia defense pact that is backed by a promise of quick rescue aid from the U.S., Australia, and New Zealand. The Seato organization should be revived with the active participation of all anti-Communist peripheral nations, from South Korea around to Thailand, inclusive of South Vietnam anti-Communist front is possible in Southeast Asia depends on our refusal to be horseshoed out of military victory in South Vietnam by the so-called "united Buddhists" there. Taking a tip from the behavior of the Buddhists in Thailand, we may be sure that the warlike Buddhists of South Vietnam speak for no more than a handful of their co-religionists in Southeast Asia. (Copyright, 1966, King Features Syndicate, Inc.)

THE WELL CHILD

Earlier the Better Is Speech Treatment Rule

By WAYNE G. BRANDSTADT, M.D.
Newspaper Enterprise Assn.

A mother writes that her 3½-year-old son talks but not understandably and wants to know whether he will improve with time. By the time a child is 3½ he should be able to speak plainly unless there is a malformation of the voice box, soft palate, hard palate, nasal partition, jaws, lips or tongue. Faulty speech may also be due to mental retardation.

This child's doctor should be able to determine the cause of the trouble, but none of the causes mentioned will disappear with time. Many cities now have remedial speech centers. When such treatment is required the earlier it is started the better.

Q—My 14-month-old son has primary microcephaly. What caused it? Is there any treatment?

A—Microcephaly is an abnormally small brain. Primary implies that no cause, such as infection with the parasite, Toxoplasma, or X ray of the mother's abdomen in the first three months of pregnancy, could be found. In some cases there is a premature closure of the cranial joints. If this is the cause an operation to increase the size of the cranial cavity may be helpful.

Q—My doctor is giving my daughter, 9, Enuretrol to help her stop wetting the bed. Is this drug safe and effective? How does it help?

A—This is a combination of ephedrine and atropine. Both drugs tend to relax the muscles of the bladder wall and tighten the muscle (sphincter) that controls the outlet of the bladder. These drugs have been helpful in controlling bedwetting in children when physical and emotional causes have been ruled out. They are safe in the amount usually prescribed.

Q—I have heard that there is a hypodermic syringe that doesn't use a needle. Giving insulin to a struggling screaming child every day is becoming a nightmare. If you know of such a syringe, please tell me about it.

A—There is a hypodermic jet injector that will force a fluid through a pinpoint opening and into the skin under a pressure of 75 to 1,200 pounds per square inch. Some training in its proper use is essential because careless handling will damage the skin. It should be available through any surgical supply house.

Q—My children, age 1 and 2, have had diarrhea off and on for six months. Sometimes I find dots of tiny black specks in their stools. Could these be parasites?

A—Intestinal parasites are white. Blood in the stools that comes from high up in the digestive tract is black but would rarely appear as tiny specks. If the diarrhea persists, a stool examination and culture should be made.

India continues to maintain a policy of non-alignment—which doesn't prevent it from continuing to line up for wheat from the United States.

"It's All Your Fault—It's Always Your Fault."

Washington News

By WASHINGTON STAFF
Newspaper Enterprise Assn.

WASHINGTON (NEA)—Vice President Hubert H. Humphrey's trip to Viet Nam was probably his most important assignment under the Johnson administration.

Letters asking his opinion on all aspects of the war are still pouring into his office. Perhaps the most unusual was this one, handwritten on a sheet of paper two feet wide and three feet long by an Illinois third-grade class:

"Dear Vice President Humphrey: We are happy you are our Vice President. We have heard about Viet Nam in school. We heard that you went there. Can you please answer our questions?"

"Did you like it over there? When did the war start? Who's winning? Are they running out of ammunition? Do they enjoy TV? What TV shows are on? How many men are on each side? What do they live in? How many German shepherds are there? How many dogs get killed? What do they do to help the men?"

The letter has not yet been answered. Explains one of Humphrey's staffers: "We just haven't been able to find out how many German shepherds there are."

A WASHINGTON newsman—polishing off his income tax form on April 15—reviewed aloud the checklist on the outside of the tax form booklet. It sounded like this:

"Name and address? Check. Social Security number? Check. W-2 forms? Check. Sign your return? Check. File early? Check."

In by four, m. G. Dewey vetoed a bill authorizing the building of a Kingston-Rhinecliff bridge.

New York City paid \$93,000 in taxes to the county, under protest, for land used in the Lackawack Reservoir area.

Namara. The reason: It was feared that if he got the job he would close first and third bases.

IN NEW YORK, a recent exhibit of metalwork sculpture was labeled "The Great Society." Its promoters described the figures in the exhibit as "life-size."

Obviously, no figure representing President Lyndon Johnson was present. Everybody knows he is larger than life.

BEFORE BEING elected to Congress in 1964, Rep. Ken Dyal, D-Calif., was postmaster of San Bernardino. His favorite story, naturally, is about the mails.

Two young sweethearts were split up when the boy was transferred to another city. Heart-sick, he wrote a letter every day. And each day, the girl eagerly awaited the mailman.

"A year later," says Dyal, "they were married—the girl and the mailman."

ASKED TO GIVE an after-noon speech on U. S. policy

Today in National Affairs

Racial Balance Moves Seen As Reverse Discrimination

BY DAVID LAWRENCE

WASHINGTON, April 25. — Has the department of Justice begun to blink at the racial discrimination being practiced against many white parents? Their children are being forced out of neighborhood schools unlawfully and are being transported elsewhere with the avowed object of achieving "Racial Balance."

Orders have been issued by many local boards of education in various northern states requiring bus transportation of pupils from one school district to another. This is specifically forbidden by the Civil Rights Act of 1964, but no action has been taken by the federal government, through the courts or otherwise, to enforce the law, which explicitly prohibits the use of any such device to correct "Racial Imbalance." Nor has any effort been made here to withhold federal funds from states which are violating "Racial Imbalance" prohibitions.

The Civil Rights statute provides for the handling of complaints and the institution of legal proceedings by the federal government so as to "materially further the orderly achievement of desegregation in public education." While the law requires the assignment of students to schools or within schools "without regard to their race, color, religion, or national origin," one provision specifically says that "desegregation" shall not mean the assignment of students to public schools to overcome racial imbalance.

The civil rights statute recognizes the possibility that there might be efforts to correct "racial imbalance" by busing pupils from one district to another and flatly taboos such action. The law says:

Taboos Busing Action
"Nothing herein shall empower any official or court in the United States to issue any order seeking to achieve a racial balance in any school by requiring the transportation of pupils

from one school to another or one school district to another in order to achieve such racial balance, or otherwise enlarge the existing power of the court to insure compliance with constitutional standards."

Within the last week, the New York State Legislature — discouraged by last of Federal action — endeavored to enact a state law to prohibit forcible busing of pupils from one school district to another. Although a bill to this effect was passed in the state Senate by 41 to 19, it has been revealed that further action will be blocked in the lower house.

Racial Balance

Meanwhile, the board of education at Hartford, Conn., has announced a busing plan. It involves the transportation of 300 negroes and Puerto Ricans to suburban schools. It was discussed at a public meeting and was the subject of protests from resident of the invaded areas.

Increase in Private Enrollment

Along with these happenings—and the above are only a few examples—there is news of a definite increase in private-school enrollment throughout the country. Richardson Dilworth, former mayor of Philadelphia and now president of the city's board of education, said in a public speech last week that in 20 years all the big-city schools will be composed entirely of non-white pupils. He declared that in Philadelphia there are already more white children in private and parochial schools than in the entire public-school system.

Mr. Dilworth, in addressing a conference of the national committee for support of public schools, also said that cities must modify the seniority system whereby teachers of certain experience can select the schools in which they prefer to work. It is being suggested that, to influence them to teach in schools in slum districts, special credits be given as well as financial assistance in obtaining masters or doctors degrees.

Many of the teachers apparently prefer to be in schools in certain areas and, unless they can choose their place of employment, they may give up teaching. It begins to look as if the quality of the teachers available will have an important effect on the kind of education the public schools will be giving hereafter. More than 2,000 students in a predominantly Negro high school in Detroit boycotted classes last week in a protest against "substandard education."

The basic cause of the crisis in the public schools is the increase in congestion in certain sections of large cities and the movement of white families to the suburbs—a right that has not yet been interfered with by governmental authorities.

Copyright, 1966, New York Herald Tribune Inc.

"Cab" is a much-used word in the vocabulary of many city dwellers. It is a colloquial abbreviation of the French cabriolet, originally a passenger vehicle drawn by two or four horses. It was introduced into London from Paris in 1820. London not only turned cabriolet into cab (a word which became officially enshrined in an act of parliament, the London Cab Act of 1896), but further invented for it the terms "four-wheeler" and "growler."

Middletown Man Cited for Work

Vincent Stiller has been selected as the candidate from Middletown State Hospital, Middletown, to receive the Psychiatric Aid Award for 1965. According to Mrs. Brennan, his nursing supervisor, Mr. Stiller has helped newly admitted patients to better mental health by his sincere interest and respect for each individual entrusted to his care.

Over the years Vincent Stiller has taken an active interest in the welfare of the youth of Middletown. He helped to establish the first Middletown Basketball league, was manager of the Babe Ruth and Little League baseball teams, worked with soap box derbies, promoted sports car rallies and was past treasurer of the Middletown Sports Car Club. His membership in the Mt. Carmel Parish also enables him to participate actively in church affairs. He is a member of the Elks Club and the New York State Civil Service Employees Association.

South Presbys Elect

MONTREAT, N.C. (AP) — Southern Presbyterians have elected Dr. Frank H. Caldwell, executive director of the Presbyterian Foundation, as the moderator for the 950,000-member denomination.

Why We Say --

"WIN HANDS DOWN"

When we win, "hands down," we finish far ahead of other contestants. The expression started with horse racing where the jockey pulled down the reins until he gains the lead. But when there is no danger of being overtaken, he lets loose (or puts his hands down) for the finish.

Annual Clean-up Week Event Will Open Here Today

Residents of Ulster County as well as the many thousands of summer visitors who come to Ulster County during the season, will find the area a much better community as a result of the annual Spring Clean-up Week which has been proclaimed for the week of April 24-30.

Designed to promote a cooperative spirit throughout the county among all property owners, clean-up week, was proclaimed by Charles Reiley, chairman of the Ulster County Board of Supervisors, on motion of Chairman Thaddeus Musiakiewicz of the board's publicity committee.

A move to make the annual Clean-up Week a concerted effort by all citizens of the county to remove the collection of refuse left by a long winter, and also to promote a paint-up and general clean-up program, the annual event is also promoted among the school children of the county who are provided with literature and leaflets to take home, urging parents to cooperate with the movement.

The promotion among the schools is sponsored by Ulster County Volunteer Firemen's Association as a means of eliminating fire hazards. Chairman of that committee is James Hicks of Tilton.

Members of the Ulster County Publicity Committee who sponsored the proclamation resolution in the Board of Supervisors are Musiakiewicz, chairman, Clarence C. Raichle, Louis Gerard DeFelice, Roger Mabie and Michael Canosa.

'007' in Washington
WASHINGTON (AP) — The license plate on the car of Rep. Brock Adams, D-Wash., reads: "REP 007."

The freshman congressman says he has long been an admirer of James Bond—the secret agent known as 007 and played in the movies by actor Sean Connery.

But that's not really the reason he has the plate, he says. Brock represents Washington's 7th Congressional District.

Yellowstone National Park contains the largest herd of buffalo in the United States.

Saw Woman's Body Swept Over Falls

NIAGARA FALLS, N.Y. (AP) — Two women told police they saw the body of another woman being swept along in the rapids of the Niagara River, and then, unable to help, watched as it went over the American Falls.

The body was not recovered, police said. Mrs. Virginia Heitzman and her daughter-in-law, Mrs. Charles Heitzman, both of Indianapolis, Ind., said they saw the body in the water about 500 feet above the cataract.

Police searched the bank for personal effects after the Saturday occurrence, but found nothing.

MOTHER'S DAY Special NOW

This New General Electric Range with P-7 Self-Cleaning Oven — Priced Low at Only

\$289⁹⁵

Say goodbye to messy oven cleaners, harsh chemicals... and those back-breaking hours of hand scrubbing a dirty oven. With General Electric's exclusive P-7 oven, the same elements that cook your food, also clean your oven. P-7 removes grease splatters, stains, crusts-on juices... even cleans the oven back and hard-to-reach corners. Economical, too... costs only 7¢ per cleaning! Big capacity... yet only 29 1/2" wide. Other deluxe features: Pushbutton Key-board Control, Oven Timer, Minute Timer and Clock, 4 Self-Cleaning Cycled Surface Units.

(Based on Florida Power & Light Co. average rate for electric cooking of 2¢ per kWh. Minimum Retail Price.)
NO DOWN PAYMENT! EASY TERMS! A.D.
You May Order the Model Shown Through Us, Your Franchised G.E. Dealer. See Our Current Display, Prices and Terms.

Fish Calls Local GOP Convention Boss Dominated

"Routine big boss steamroller tactics" Hamilton Fish Jr., Dutchess County's Republican candidate for Congress today called Ulster County's endorsement of his opponent at the county's unofficial county convention held Saturday night.

"The introduction of a resolution backing the action of the delegates at the earlier unofficial congressional convention is routine for Ulster County, and is a tactic designed to allow control of the entire party organization by a handful of leaders."

"This, coupled with the refusal to allow a secret ballot among delegates, makes boss domination of any party easy. It is what my opponent terms, 'a true Democratic expression' when he is outside Dutchess County. In Dutchess County, however, he seems to lean heavily toward a secret ballot, with the names of both candidates put into nomination."

"This is something that has not been allowed in any of the other counties where he has leadership backing," Fish explained.

At the Saturday night Ulster County Convention only 135 committeemen out of a possible 204 were present. This figure of 135 included some Kingston City committeemen who were actually not present as they had caucused earlier and then gone home.

At the convention Fish backers, led by John L. Machione, Kingston City alderman, fought a rear guard action against the steamroller endorsement of the delegates action by asking for an amendment which would have put the delegates on record as favoring neither candidate.

No action was taken on this amendment, which was opposed by County Chairman Kenneth L. Wilson. Wilson asked that the original resolution be passed to show backing of his Party leadership.

"I was very proud of my backers in Ulster County for their willingness to fight what they knew was a totally unfair losing battle. Even when they asked for a secret ballot they knew beforehand it would be refused," Fish said.

"It was a steamroller we expected, and that my backers could stall it at all was encouraging and showed what I believe is a great deal of strength in depth for my candidacy in Ulster County," Fish affirmed.

Backfire Damages Car

A carburetor backfire damaged the car of Richard Myrick, of 57 Gill Street at North Front Street and Washington Avenue Saturday night. Units from Central and Wiltwyck stations, the Wicks and Excelsior companies answered an alarm from Box 1611 at the intersection at 10:13 p.m. Damage was confined to the hood and carburetor.

Cases Are Heard In City Court

One of two defendants charged with disorderly conduct over the weekend was sentenced in city court today and hearing of the other was put over to Tuesday.

William Michaels, 17, of 14 Shufeldt Street, who police said had thrown a firecracker while near a group of people in the vicinity of the Municipal Auditorium pleaded guilty and Judge Hubert A. Richter sentenced him to 15 days in jail. The arrest was by Officer George Dougherty.

Hearing of the charge against John Cardinale, 20, of 88 Farrelly Street, was put over to Tuesday to permit him time to obtain counsel. He was charged with causing a disturbance Sunday night in the vicinity of the Trailways Bus Terminal. The arrest was by Officer Leon Fitzgerald. Cardinale was released in the custody of his father.

Three drivers charged with speeding were fined \$10 each. They were: Ronald McElrath, 18, of 43 Derenbacher Street; Marilyn Playford, 29, of 544 First Avenue; and Karen M. Clearwater, 22, of Port Even. James Bruck, 22, of 332 Clifton Avenue, charged with driving an uninsured vehicle, was fined \$10.

Phone Repair Service Reports New Number

New York Telephone Co. has a new phone number for its repair service in the Kingston area.

The new number is listed on page 2 in the information section of the new Kingston directory, which shows that all Kingston area telephone customers except those in Phenicia will now dial the new number for repair service effective 8 o'clock today. Phenicia customers will continue to dial operator, according to Miss Barbara Bower, acting company manager.

Calls to repair service are accepted 24 hours a day every day, she said. There is no extra charge for these calls or for the services of the company's repair bureau.

Subscribers in Saugerties and Kingston will also dial a new number to reach the business office effective the same date.

Fifth Fire Victim

NEW YORK (AP)—An eight-year-old boy whose four brothers and sisters lost their lives in a Brooklyn fire died Sunday at Coney Island Hospital.

The boy, John DeBlase Jr., had been revived by mouth to mouth resuscitation at the scene of the fire and taken to the hospital in critical condition. He was originally listed as a casualty because, when found, he was not breathing.

Only one of the DeBlases' six children escaped unharmed with a 13-year-old baby sister Friday night when fire swept their two-story frame house in the Flatbush section of Brooklyn.

Clinton Man to Face Jury in Assault Case

A Dutchess County man, arrested Saturday night on a felony charge of second degree assault in a shooting incident in that county, was ordered held for action of the Dutchess County grand jury when he waived preliminary examination on the charge before Peace Justice William Tompkins, Town of Clinton.

Edward Patrick Burke, 20, of Pumpkin Lane, Clinton Corners, was confined to the county jail in lieu of \$1,000 bail. State Police at the Rhinebeck-Hyde Park substation said that Burke was accused of shooting George Dugger, 25, of 152 North Clinton Place, about 4:45 a. m. Saturday at the Burke residence. They said that Dugger was taken to Northern Dutchess Hospital, Rhinebeck, for treatment of a .22 caliber rifle wound in the right thigh.

Two Persons Are Injured in City Weekend Mishaps

Two persons were injured in one of three city traffic mishaps over the weekend, drivers were cited for violations after two of them and Mayor Raymond W. Garraghan's car was reported damaged by a hit-and-run driver.

Lois A. Yonta, 28, of 345 Clifton Avenue, suffered head, shoulder and knee injuries, in a two-car mishap at Albany Avenue and St. James Court reported at 2:02 p. m. Sunday. Police said she drove the one car and the other was driven by Donald M. Stewart, 18, of 218 Harwich Street.

Donald Yonta, 9, of Clifton Avenue, suffered a head injury. They were treated at the Benedictine Hospital. Officers Joseph Kivian and Gerald Tierney investigated.

Michael Maione, 22, of Flushing, L. I., was charged with changing traffic lanes unsafely after a mishap at Broadway and McEntee Streets involving three cars at 3:30 p. m. Sunday. Police said the other cars were driven by Joan Yochmann, of Robin Lane and Charles Campbell of RD 3, Box 117, Kingston. Officer Joseph Ferrara investigated.

Both drivers were cited for violations after a car-motorcycle mishap on West Pierpont near Hudson Street at 5:30 p. m. Sunday. John E. DeGasperis, 20, of 120 Harding Avenue, driver of the cycle, was charged with lacking registration, and Elsie C. Alexander, 46, of RD Box 400, Ulster Park, driver of the car, was charged with failure to keep right.

Officers Edward Orlieb and Raymond Wells investigated.

A report Sunday noted that the car of Mayor Raymond W. Garraghan had been struck while it was parked on Main Street near Clinton Avenue by a hit-and-run driver. It was damaged on one side.

Festivities Held At Greek Church; Officials Attend

In ceremonies rich with the tradition of the Greek Orthodox Church, St. George Greek Orthodox Church, 294 Greenkill Avenue was consecrated and dedicated Sunday.

Beginning at 9 a. m., with Bishop Silas of Amphipolis, of the New York Archdiocese of the Greek Orthodox Church presiding and assisted by the local pastor, the Rev. Nicholas Katsoulis, the Matin services were held followed by the procession with Holy Relics, which saw the clergy, followed by the congregation, march three times around the outside of the church.

Then the Bishop knocked on the door three times, asked three questions which were answered by George Maouris, who was the only one remaining inside the church. Finding the answers satisfactory, the Bishop received the keys to the church, blessed them and presented them to Stephen Larios, to whom the honor of opening the doors first to the new church were given.

The clergy and congregation then marched into the church and the Bishop scrubbed down the altar and blessed all the icons and holy pictures in the church as well as all the holy objects of the church including the chalice, the supporting beams and the walls.

After this ceremony Bishop Silas and Father Katsoulis celebrated Divine Liturgy. At the end of the Liturgy the cornerstone of the church, carried by president, Christus J. Larios of the board of trustees along with vice president, George Kakkoulis was placed in the corner of the church following Bishop Silas' blessing.

Began St. George Day

The weekend of festivities at St. George began with divine liturgy at 9 a. m. on Saturday, which was St. George Day. Open house was held from 2-4 p. m. Saturday and was largely attended. At 7 p. m. Saturday evening Matin vespers services were held with Bishop Silas officiating. He was assisted by Father Katsoulis, local pastor; the Rev. Athanasios, of Albany; Blessed Virgin of the Assumption, G.O. Church, Poughkeepsie; the Rev. George Francis, St. Basil's Academy, Garrison; the Rev. Philip Sakelarios, St. Nicholas Church, Newburgh.

Following services a dinner was held for the board of trustees, visiting clergy and the following local clergymen who attended: the Rev. Ronald D. Lokkerst; the Rev. Richard R. Gurr; the Rev. Edwin C. Coon; the Rev. Cecil L. Morgan; and the Rev. James A. Braker. Other invited clergymen could not attend due to their church duties on Saturday.

Culminating the activities was a dinner held from 5 p. m. on Sunday. Honored guests who spoke briefly were Mayor Raymond W. Garraghan; Assemblyman Kenneth L. Wilson; State Senator Lloyd A. Newcombe plus speeches by Larios; Theodore Couris, Father Katsoulis and Bishop Silas.

One noteworthy line from Bishop Silas' remarks was that the Greek community of Kingston thinks enough of its young children to make many sacrifices in establishing a church so that its children may get a religious background and learn more about its Greek heritage. Mayor Garraghan in his remarks traced all the heritages now held dear which had their origins in ancient Greek times.

The Hellenic Women's Club then presented a check for \$1,000 to the church's building fund. It was made to Larios by Miss Stacy Kitos and Mrs. George Thomas.

Music for the dancing was played by the George Mirros orchestra from New York City and featured Greek and ballroom music.

Will Move Republican Headquarters to Hotel

Republican headquarters which has been located in the Hotel Stuyvesant since February 1961, will shortly be moved to the Governor Clinton Hotel, Albany Avenue.

The new location will be on the main floor of the hotel next to the Noreg Governor Clinton Hotel Gift Shop in offices formerly occupied by—Chilton Newberry & Company, investment brokers.

Plans to renovate the office and provide adequate offices have been completed and are under way. It is anticipated the move to the new quarters can be made late this week.

Prior to opening the offices at the Hotel Stuyvesant, the Republican Central Committee Headquarters were located at 41 Pearl Street. Since then Republican headquarters were on the second floor of the Hotel Stuyvesant.

Grounded in Seaway

CLAYTON, N.Y. (AP)—A 500-foot Canadian grain carrier was grounded today in the St. Lawrence Seaway as salvage crews unloaded cargo in an effort to float it free.

The U.S. Coast Guard said the Sir Thomas Shaughnessy, bound for Sorel, Quebec, with a cargo of wheat, ran aground Sunday on an island near here. The grounding occurred about 100 feet outside the shipping channel, a spokesman said.

No one was reported injured and damage to the vessel was described as slight.

Farber's Store Entered

Local police were notified this morning of a weekend burglary at Farber's Market, 52 Chambers Street. Entrance was gained through a skylight, and two cases of soda were reported missing.

Local Death Record

He had been a resident of Kingston 41 years. A veteran of World War I, he was employed as a locomotive engineer for the Ulster and Delaware and the New York Central Railroad until his illness this past August. He was a member of the Brotherhood of Railroad Firemen. He is survived by his wife, the former Etta Barth; a sister, Isabel, wife of Claude Kelderhouse of Kingston; three brothers, Harry of Buffalo; Roland, of Saugerties, and Herbert, of Scottsby, Ind. and several nieces and nephews. The funeral will be at 2 p. m. Wednesday from the Frank H. Simpson Funeral Home, 411 Albany Avenue. The Rev. Patrick Vostello, pastor of the Reformed Church of the Comforter, will officiate. Burial will be in the Comforter Cemetery. Friends may call at the funeral home from 7 to 9 p. m. Tuesday.

Marbletown Census Shows Gain of 567

Supervisor Roy Webber, Town of Marbletown, has informed the town Board that recent Special Census showed an increase of 567 persons over the 1960 figure, increasing the population total to 3,758.

Census enumerators included Lester J. Roosa, Eleanor H. Wuest, Edith L. Van Aken, Helen Bogart and Alga Royce.

Supervisor Webber asks any resident of the town who might not have been counted during the census, to notify Lillian K. Quick, town clerk. Webber predicted that if the present trend continues, the population could easily double the 1960 figure by 1970.

Deaths

Louis A. Johnson

WASHINGTON (AP)—Louis A. Johnson, a secretary of defense during the Truman administration, died Sunday. He was 75.

Inosuke Furuno

TOKYO (AP)—Inosuke Furuno, one of the builders of Japan's first international news agency, died today. He was 75. He was president of the former Domei News Agency, forerunner of Kyodo News Agency, Japan's major news agency today.

Allan S. Mower

The funeral of Allan S. Mower of Fairview Avenue, West Hurley, who died April 18 in Statesboro, Ga., from injuries sustained in an automobile accident April 7, were held Saturday 10 a. m. from the Lasher Funeral Home Inc., Woodstock. At 10:30 a. m. a requiem Mass was offered for the repose of his soul at St. Joan of Arc Church, Woodstock. The Rt. Rev. Msgr. Austin V. Carey was celebrant. Mrs. Dorothy A. Narel was soloist and sang The Lord's Prayer at the conclusion of the Mass. The Mass was largely attended. During the repose hundreds of friends and relatives called at the funeral home, attesting to the high esteem in which Mr. Mower was held. Thursday evening a large delegation from the Woodstock Fire Company No. 1 were led in prayer by their chaplain, the Rev. James V. Cook. The Rt. Rev. Msgr. John J. O'Reilly called and led those assembled in prayers for the dead. Friday evening Msgr. Carey led those assembled in the recitation of the Rosary. Scores of spiritual bouquets in the form of Mass cards were received as well as numerous floral tributes. Burial was in St. Mary's Cemetery, Kingston. Where Msgr. Carey pronounced the final blessing. Bearers were William Mower, Arthur Bouchard, Rudy Baumgarten, Hugo Knauer, James Burke and Harley Park.

Walter C. Burger

Walter C. Burger of Longyear Drive, Shokan, died today. He was born in Kingston Oct. 29, 1890, son of the late Homer and Ebbie Burger. He was engaged in the construction business for many years with his father and later was employed by Rose and Gorman Department store for 19 years and until his retirement several years ago he was employed for 17 years as a finisher and service manager by Standard Furniture Company. Mr. Burger was active in the work of the Shokan Reformed Church of which he was a member of the consistory. During the war period Mr. Burger was employed by the W. N. Conner Funeral Home, Inc., Ambulance Service. Surviving is his wife, Bertha Burna Burger of Shokan; a son, Walter G. Burger of Lawrenceville Street, Town of Ulster; a daughter, Mrs. Stewart (Betty) Campbell of Maple Drive, Butler, N. J.; two brothers, Percy H. and George Burger, both of Kingston. Five grandchildren and three great grandchildren and several nieces and nephews also survive. Friends may call at the W. N. Conner Funeral Home, Inc., 269 Fair Street, Tuesday from 7 to 9 p. m. and Wednesday from 2 to 4 and 7 to 9 p. m. where funeral services will be conducted by the Rev. Osterhout Phillips, pastor of the Shokan Reformed Church, Wednesday at 8 p. m. Cremation will take place at Ferncliff Crematory, Hartsdale, Thursday.

W. J. McGrath Dies, Was Noted Area Businessman

William J. McGrath, 83, lifelong resident of Phenicia and well known area businessman, died in Kingston Hospital Saturday.

Born in Phenicia, Oct. 20, 1882, he was the son of the late John L. and Elizabeth Brown McGrath.

In his youth he worked in his family's quarry business and by the age of 18 owned and operated a very successful livery stable in Phenicia. Mr. McGrath was a well known dealer of horses and was one of the few dealers of his time to ship large numbers of horses from the west.

In 1909, he established the Kingston Buick Company with franchises in Ulster and Greene Counties. In 1929, he retired from the Buick agencies to Phenicia where he managed many other enterprises. One of these is the McGrath Community Market which is still operated by his sons.

Mr. McGrath was a lifelong member of St. Francis de Sales Church and was extremely active in civic affairs of both Kingston and Phenicia.

His wife, the former Anna Josephine Alshemer died in 1948. He was the brother of the late John Joseph, Agnes, Rose and Theresa. Surviving are two sons, William and John and a daughter, Mrs. Elizabeth Ward of Phenicia; four grandchildren and several nieces and nephews.

The funeral will be held Tuesday 9:30 a. m. from the E. B. Gormley Funeral Home, Main Street, Phenicia thence to St. Francis de Sales Church where at 10 a. m. a Mass of requiem will be offered for the repose of his soul. Burial will be in St. Francis de Sales Cemetery. Friends may call at the funeral home at any time.

ROCK AGES MONUMENTS

Rocky Appoints Catskill Man, Others to Posts

ALBANY, N.Y. (AP) — Gov. Rockefeller appointed a new member to the Board of Visitors to the State Training School for Girls today and announced the reappointment of another board member.

The new appointment to the unsalaried post is Mrs. Lyman J. Spire, Fayetteville. Mrs. Spire succeeds Jacob Bendersen, Syracuse. Her term will end in February 1972.

Jack Guterman, Catskill, was reappointed for a term ending in February 1973.

The posts require Senate confirmation.

In other appointments, the governor named:

—Wilfred D. Ertell, Hamturg, to an unsalaried membership on the Advisory Council on Farm and Food Processing Labor. Members serve at the pleasure of the governor. Ertell succeeds

Miss Lillian Milanoff, who resigned.

—Mrs. Marty N. Lipschutz, East Rockaway, to the Board of Visitors of Pilgrim State Hospital for a term ending Dec. 31, 1972. She succeeds Miss Eva S. Potter, Brooklyn, whose term expired. The post is unsalaried and requires Senate confirmation.

The governor named three members Sunday to unsalaried posts on the Lake George Park Commission, pending Senate confirmation. The members:

—Mrs. Grant W. Johnson, Ticonderoga, for a term ending April 1, 1974, to succeed the late Edward J. Monroe of Ticonderoga.

—J. R. Earl Sr., Lake George, for a term ending April 1, 1970, to succeed the late John B. Tefft of Ticonderoga.

Rockefeller also reappointed Sunday:

—F. James Williams Jr., Loudonville, to the board of the Hudson River-Black River Regulating District for a term ending Sept. 1, 1971. The post pays \$3,000 a year.

—Dr. Henry F. Albrecht Jr., Troy, to the Mental Hygiene Council, for a term ending Dec. 31, 1970, at \$1,500 annually.

\$100,000 Lumber Blaze

PITTSFIELD, Mass. (AP)—A fire at the Kelly Lumber Co. Sunday night in this western Massachusetts city, near the New York line, destroyed a 2-story frame building and caused damage estimated at up to \$100,000.

Fire officials said they had not determined the cause of the fire. No one was reported injured.

A company official made the damage estimate.

BERRY'S WORLD

"... And furthermore, in my tax bracket, I hate to think of how much I've ALREADY contributed to the Poverty Program!"

TODAY IN HISTORY

By THE ASSOCIATED PRESS

Today is Monday, April 25, the 115th day of 1966. There are 250 days left in the year.

Today's highlight in history:

On this date in 1945, representatives of 46 nations met in San Francisco to draft the United Nations Charter.

On this date in 1862, Adm. David Farragut captured New Orleans.

In 1910, Charles Evans Hughes was appointed to the Supreme Court.

In 1917, China entered World War I against Germany.

In 1940, U.S. neutrality laws were applied to Germany.

In 1945, Moscow announced that two of its armies had completed the encirclement of Berlin.

Ten years ago — The United States announced a major easing of trade restrictions with the Soviet Union and its satellites.

Five years ago — A revolt of generals in Algeria crumbled and loyal forces moved into Algiers almost without opposition.

One year ago — An agreement

was reached between the major steel producers and the United Steelworkers Union, averting a threatened strike.

Picked Wrong Number

GLOUCESTER, Mass. (AP)

— With more than 26,000 names in the Gloucester telephone book to choose from, Sandra J. Auricchio picked the wrong one, police reported.

Miss Auricchio faces charges of giving a false name and address while purchasing drugs.

She was caught, police say, because she gave the name and address of the druggist's mother-in-law while trying to fill a prescription.

Atka Back in Port

BOSTON (AP) — The Navy

icebreaker Atka is back in port after six months of maintaining an open channel for cargo ships which supply the U.S. scientific outpost in McMurdo, Antarctica.

The 226 officers and men of the Atka were in tactical command of ship and shore operations in the Ross Sea during their tour.

Insects Swarm Over California Beach Sector

HUNTINGTON BEACH, Calif. (AP) — This place is bugged.

For two weeks now, swarms of millions of six-legged insects with brown and white stripes have darkened the sun over this Pacific Coast community, eating everything that doesn't eat them first and giving everybody the flits.

"Plague take those noisome curculionidae!" is the anguished cry on every lip. Or at least a few.

Describe Beasts

The curculionidae, members of the weevil clan, are also known as snout beetles, because of the snout-like facial structure which is the little beetle's mouth.

As farmers have long known, and Huntington Beach residents

are learning, there is nothing more evil than an underfed weevil.

The weevils have been breeding apace in the many open fields that abound in suburban Huntington Beach.

When they grow up, they go to town for lunch.

Laments homeowners Raymond Hinsley: "They have destroyed all the flowers around the homes, gotten into kitchens and eaten food and even chewed leaves off plastic plants."

The snout beetles normally devour plants from root to leafy green top. But they are also known to burrow into wood and even fell trees.

They also fell themselves, dying en masse after gorging themselves on everybody's cal-

endulas. One of the chief outdoor sports since the onset of the insects has been shoveling their millions of bodies off sidewalks, patios and driveways.

What to do? "I've tried everything from bug sprays to kitchen cleansers and gasoline," says Hinsley's neighbor, Dave Bach. "But only a few of them die. We just don't know what to do."

The bugs are an annual occurrence but are much worse this year.

Undependable

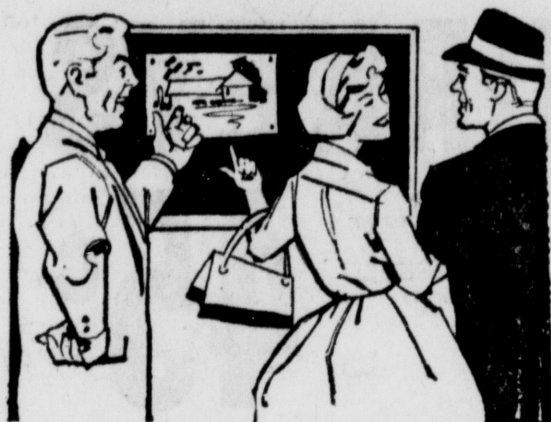

Sharks, according to an authority, are near-sighted, stupid and cowardly, but any one of them may turn and attack. It depends more on the individual shark than the species.

The 1966 Pussycat.

Only 14,927 in captivity.

A car like the Volkswagen Karmann Ghia doesn't come along too often. It's a Pussycat.

A sports car on top, an economy car underneath.

It's also a pain in the neck to make. (That's why only 14,927 will make it over here this year.)

First of all, the body takes a lot of handwork, and handwork takes a lot of time.

We hand-shape and hand-weld, and before we hand-smooth and hand-paint, we fill in all the seams by hand. (There are other seamless cars around... around \$5,000, and up. Ours is under \$2,500.)

Then we bring in Volkswagen chassis and engines from our Beetle factory and put them into our Pussycats.

A VW engine averages 30 mpg, is air-cooled so it can't boil over or freeze

up, and costs Volkswagen prices to fix.

See the beauty of it? With a Pussycat you can buy the good looks of a sports car and the good sense of a Volkswagen, all in one car.

Unless, of course, 14,927 people see the beauty of it before you do.

TV Reviews, Best Bets

By CYNTHIA LOWRY
AP, Television-Radio Writer
NEW YORK (AP) — Thomas W. Moore, president of the ABC television network, suggested in a speech this last weekend that audience infatuation with what he calls "the linear program" is simmering down.

A "linear program," says Moore, involves that old television staple, the continuing character who each week gets into and out of a few dramatic or adventurous situations.

Moore, however, was not taking shots at continuing characters like his own network's long-running "Fugitive" or "Holly Ingratitude—Batman and Robin the Boy Wonder." He was merely suggesting that there should be a greater variety in programming and that the anthology type of series, which is practically nonexistent today — should be given another chance.

Few would argue with this suggestion. But it was interesting in this contest to stop up two weekend ABC programs. One was what Moore calls "bread and butter" entertainment-Sunday night's episode of "The FBI," a fast-moving, thoroughly routine cops and robbers series with a continuing character. The other was Friday night's "The Poppy Is Also a Flower," a 90-minute special program that cost a fortune to produce, was conceived by Jan Fleming, directed by Terence Young of "Thunderball" fame, and had at least 15 major stars. It emerged as a very long, confusing bore.

"The FBI" was a neatly packaged story about a bank robbery that was halted in the nick of time — with the usual final shootout — after the hero had traced a lost button and checked out logical suspects. It was familiar, smoothly produced and professionally acted.

But that big special, an attempt to show the United Nations part in controlling illicit narcotics traffic, was an almost amateurish attempt at a suspense thriller.

It was E.G. Marshall and Trevor Howard playing a pair of middle-aged James Bonds. It had Yul Brynner in a small role as an Iranian military man, Rita Hayworth as a woman addict and Princess Grace of Monaco in a foreword saying that narcotic addiction was a program. The cameras went from shots of Bedouins in the desert to a luxury yacht off the Riviera. It even had one of those silent, deadly struggles on the platform of a fast-moving train so dear to the hearts of British spy story writers.

Recommended tonight: "The Perry Como Show," NBC, 9-10 EDT, with Ella Fitzgerald, and Caterina Valente in the Singer's last show of the season, "The Surprising Midwest," ABC, 9-10 last in the network's "This Proud Land" series with Robert Preston.

Dear Abby . . .

Cherubs — Are They Male or Female?

Abigail Van Buren

DEAR ABBY: Regardless of how an artist may portray cherubs, they are neither male nor female. Sex exists only on earth due to God's commandment to "multiply and fill the earth." (Genesis 1:28). However, the angels (or cherubs) were created by God thru Michael the Archangel. Since the angels were direct creations, and there was no need for them to reproduce, there was also no need for them to be one sex or the other.

A MINISTER'S WIFE

DEAR ABBY: You ask, "Are there little girl cherubs, or are cherubs only boys?" I am pleased to solve this mystery for you. In the National Museum in Stockholm, there hangs a famous masterpiece titled "Sacrifice TO Venus," painted by Rubens in 1628. It clearly shows little boy cherubs embracing little girl cherubs unless, that is, someone has defaced the canvas.

"OBSERVING"

DEAR ABBY: Some years ago while working in a small Presbyterian church, I directed a Christmas pageant. My girl friend was performing the same task for the Baptist church. She had given the role of the angel Gabriel to a man. I gave that part to a woman. Afterwards we debated about who was right. I asked our minister and he replied, "Angels have no sex." Since cherubs are angels, that should answer your question.

M. D. G.

DEAR ABBY: Ignoring for a moment the sex of a cherub, (according to the Bible they are neuter) another serious error was made in describing the cherub as a "chubby, angelic-looking child." In I King 6:23, the size of a cherub is described to be "10 cubits in height."

How Sherlock Would Play

By JACOBY & SON
Newspaper Enterprise Assn.
Sherlock Holmes was making one of his rare appearances at the card table. He sat West with Dr. Watson right behind him to watch the great detective at work.

Holmes opened the jack of hearts against the diamond slam. South finessed dummy's queen and ruffed a spade to get t his hand. He played several rounds of trumps before leading a club. Holmes took his ace and led the king of hearts to knock out the ace. The two heart leads had destroyed South's re-entry to dummy, and he had to go down one.

Rules No Violation

SEATTLE, Wash. (AP) — A Superior Court judge has ruled that the use of Seattle high schools by the Federation of Christian athletes does not violate constitutional provisions for separation of church and state.

The father of a high school youth had sought a restraining order on constitutional grounds. Judge George H. Revelle said the rallies were not a violation because they were not held during school hours.

"Marvelous, marvelous!" gasped Watson. The second marvelous showed double awe for the master's genius.

"Elementary, my dear Watson," said Holmes. "It was a simple matter for me to deduce that South wasn't bidding six diamonds without some expectation of making it. That meant he would be void of spades. In any event I did not risk much by my heart lead. I felt sure that I could get in with the ace of clubs and would still have time to lead a spade if necessary."

"Doesn't Scotland Yard get any credit for my five-spade bid that pushed them to the slam?" asked Inspector Lestrade who sat East.

"A great deal of credit," replied Holmes. "As a matter of fact, when I passed to five diamonds I had an entirely different defense worked out. My plan was to open the ace of clubs and lead a spade to you whereupon you could lead back a club for me to ruff. Then, your five spades and South's six-diamond bid caused me to believe that South was void of spades and to deduce that a heart lead was the winning defense against six."

Started Orange Industry

Christopher Columbus introduced the orange into the western hemisphere when he established a settlement on the island of Hispaniola on Nov. 22, 1493, on his second expedition, bringing the seeds from the Canary Islands, according to the Encyclopaedia Britannica.

Seek 1,900 Job Corps Recruits

Young men who want to join the Job Corps will be assigned to a Center within five days after being found eligible and will leave for the designated camp within a month. Previously it had taken several months to process applicants.

In making this announcement today, Anthony C. Hart, employment security manager, said the New York State Employment Service is conducting a two-week statewide crash program to recruit 1,900 disadvantaged young men for the Job Corps. The Job Corps is a voluntary program to give basic education, skill training and sound work experience

to unemployed youth. Boys 16 through 21 years of age who are out of school and cannot find a job may be eligible for the Job Corps program. If a boy is found acceptable, he will be sent either to a conservation camp or to an urban center near a big city where, with boys his own age, he will learn a skill, earn money, eat food, take part in sports and recreation, and work outdoors. When he finishes his training, the youngster will be given help in finding a job. Interested young men may apply for the Job Corps at the local office of the New York Department of Labor's Division of Employment, 16 Pine Grove Avenue.

Dirksen Would Limit Scope of Bill on Poverty

WASHINGTON (AP) — Republican Leader Everett M. Dirksen carries an anti-inflation banner into a Senate battle today in an effort to limit the scope of a bill to combat rural poverty.

Dirksen's announcement in an interview that he plans to oppose what he called an "open-ended" authorization for rural community development programs surprised GOP col-

leagues who had voted for the measure when it was approved unanimously by the Senate Agriculture Committee.

Chairman Allen J. Ellender, D-La., had predicted speedy approval of the measure. It is designed to carry out President Johnson's proposal to help farmers and small town residents obtain some of the advantages now limited to cities and their suburbs.

"This is an example of how Congress can open the door to unlimited government spending," he said. "We are in a period of inflation and we must face up to that fact squarely."

on domestic programs to help pay for the cost of the Viet Nam war?"

Dirksen said he was informed that the measure originally proposed an outlay of \$285 million. But he said it had been amended to authorize the "appropriation of such sums as may be necessary" to carry out its provisions.

The legislation would make federal funds available for development planning in rural and farm areas.

Projects under the measure would include water and sewage systems, health service, educational and teaching facilities, recreational and cultural installations, manpower surveys and training, development of resources and other projects.

One-Fourth of Mankind

(7) "First Universal Emperor"

by Don Oakley
and John LaneShih Huang-Ti,
Ruler of All
Under Heaven

He has regulated and made equal the laws... he has quelled the battles... the black-haired people enjoy calm and repose... the Sovereign Emperor has pacified in turn the four ends of the earth.

—Inscribed of Shih Huang-ti

After centuries of increasingly bloody wars among the Chinese states, one power arose to fight the world's first "war to end war."

By 221 B.C., the state of Ch'in had conquered all the others. For the first time, all Chinese were united in one nation. It was from the Ch'in dynasty that the West was to derive the name China.

Proclaiming himself Shih Huang-ti—"First Universal Emperor"—the king of Ch'in set about to consolidate his empire. Weights and measures and writing were standardized.

BURNING OF
THE BOOKS—
The past
must die...

Feudalism was forever crushed and 120,000 noble families were forcibly removed to the capital.

Spurred by his grand counselor Li Ssu, a practitioner of the Legalist school, Shih Huang-ti ruthlessly suppressed all opposition, both political and philosophical, and even attempted to wipe out all previous history.

"This is the time of 10,000 generations," said Li Ssu. And later, in a "memorial" to the throne:

"Your servant proposes that all books of history, save those of the Ch'in be burned; that all libraries of poetry, history and philosophy... be destroyed; that all people who raise their voice against the present government in the name of antiquity be beheaded together with their families..."

Li Ssu's advice was accepted by the emperor.

MASSACRE OF THE SCHOLARS—
...that 10,000 generations may live

Then ensued the infamous burning of the books, for which generations of scholars cursed the name of Li Ssu.

The holocaust was not absolute, however. "Useful" books on agriculture, medicine, etc., were exempted and copies of the classics were preserved in the imperial archives.

Scholars who refused to surrender their libraries or their beliefs were brutally dealt with. No less than 460 of them were buried alive at one time.

Others met a different fate. Along with tens of thousands of political prisoners, criminals and conscripted peasants, they were sent to a slower death in laboring on Shih Huang-ti's greatest monument—the Great Wall.

NEXT: The New Order

Crash Was 4th Worst Disaster In Air of 1966

NEW YORK (AP)—The crash Friday night of a military transport plane in southern Oklahoma with 98 persons aboard was the fourth worst air disaster of the year.

The American Flyers airliner carried 92 soldiers and a crew of six. Eighty-one died in the crash.

Two other major disasters occurred in Japan when 133 persons died Feb. 4 in the crash of a Japanese jet liner in Tokyo Bay, and 123 persons were killed March 6 when a British airliner broke up and crashed near Mt. Fuji.

Another crash of an Air India plane into Mont Blanc in south-

east France killed 117 persons Jan. 24.

In the worst single airplane crash ever involving military personnel, 129 U.S. servicemen were killed June 18, 1953, when a C124 Air Force Globemaster went down near Tokyo.

Other major crashes involving single planes include: June 25, 1965 — 84 Marines killed in the crash of a C135 military transport plane at El Toro, Calif.

March 1, 1964 — 85 died in a Paradise four-engine Constellation that crashed near Lake Tahoe, Nev.

Dec. 8, 1963 — 82 perished when a Pan American Boeing 707 went down at Elkton, Md.,

after it was hit by lightning. June 3, 1962 — 130 persons killed when an Air France jet liner crashed near Paris.

March 16, 1962 — 107 killed on a Flying Tiger Superconstellation between Guam and the Philippines.

March 1, 1962 — 95 killed in the crash of an American Airlines Boeing 707 in New York Bay.

Dec. 20, 1952 — 87 U.S. servicemen killed in a U.S. Air Force C124 that crashed at Larson Air Force Base, Washington.

Mandates were established as a part of the Treaty of Versailles after World War I.

Buffalo Soldier Remains Serious, On Okla. Plane

BUFFALO, N.Y. (AP) — A Buffalo soldier injured in the crash of a chartered airliner near Ardmore, Okla., remained

in serious condition today at Brook Army Medical Center, San Antonio, Tex. Pvt. Ronald J. Gugliuzza, 20-year-old son of Mr. and Mrs.

John Gugliuzza, was one of 17 persons hospitalized after the crash Friday. One of the injured died Sunday in a hospital, raising the death toll to 82.

Gugliuzza, who reportedly suffered thermo burns, lacerations and compound fractures, was transferred Saturday to the Texas hospital from Tinker Air Force Base, Oklahoma City.

Gugliuzza was enroute to join the 197th Infantry Division at Ft. Benning, Ga., when the plane crashed. He had completed Army recruit training at Ft. Bliss, Tex., and infantry training at Ft. Ord, Calif. He was drafted into the Army Dec. 3. His address is 929 Niagara St.

E-K Reports Sales, Earnings Increase

ROCHESTER, N.Y. (AP) — Eastman Kodak Co. earnings were reported up 44 percent and sales up 24 percent for the first quarter of 1966, compared to the same period last year.

The company said Sunday it had net earnings of \$60,311,000, equal to 74 cents a common share, for the 12 weeks ended March 20.

The earnings figure compared to profits of \$41,804,000, or 51 cents a share, reported for the same period in 1965. The per-share earnings for both periods were based on 80,602,718 shares outstanding.

Sales in its units in the U.S. totaled \$348,253,000 in the first quarter of this year, compared to 1965 first-quarter sales of \$281,266,000, Kodak said.

WOODSTOCK NEWS

P-TA Concerned With Chickenfat

"Go you Chickenfat, Go" is a record put out by the President's Council and, if nothing else could lure local residents to Wednesday night's P-TA meeting, the availability of pamphlets and books on the subject certainly should.

Concerned with whether local adults and children are physically fit, the Woodstock P-TA has invited Dr. Irwin Rosenstein, Supervisor of Physical Education and Recreation for the N. Y. State Dept. of Education, to speak at its meeting this Wednesday. He's expected to talk on what being physically fit really means and to offer advice on proper exercise and how parents can help children toward this goal during the upcoming summer vacation from school.

Dr. Rosenstein, who has held his position with the State since 1960, is also Project Coordinator for physical Education Demonstration Center Schools with the President's Council on physical Fitness. He'll also talk of this program, what part local residents play in the program, and how to make that "chicken fat" go.

Jenkins Award Group Seeking Suggestions

Mrs. Alvin Moscovitz, chairman of the Woodstock P-TA's Award committee, this week urged local residents to recommend people for this annual award.

The coveted Jenkins Award is given yearly to someone who has made an outstanding contribution to the welfare of children and youth in the Woodstock community.

Anyone who would to suggest a name for this Signal honor is asked to telephone or write Mrs. Moscovitz as soon as possible.

Open 1-Man Show For Zaidenberg

Woodstock artist Arthur Zaidenberg, just back from a round the world cruise, found himself booked into New York's Crespi Gallery for a one man show. The Zaidenberg exhibition opens at the Madison Avenue gallery May 17; will run through May 28.

Fifteen paintings, mostly concerned with the female of the species, and 25 chem drawings will be included in the exhibit. Among canvas titles in the catalogue are Ladies in Waiting, Respite With Television, Water Baby, Ladies and Birds, Three Ladies and Lady Godiva.

Artist Zaidenberg has had one man shows at the ACA and the AA Galleries in New York and has exhibited in many cities in the U.S. and abroad. His works are in the permanent collections of the Metropolitan Museum of New York, the Brooklyn Museum and the Albany Institute of Arts and Letters.

He is also the author of numerous books on painting and drawing for adults and children and has taught painting at New York University and aboard ocean liners.

Gallery hours at the Crespi are 12 noon to 6 p. m., Tuesday through Saturday.

Begin Planning '66 Church Fair

The annual fair of St. Gregory's Episcopal Church of Woodstock already shows indication of being the most gala affair of its type in recent years. Although the date of the fair is several months away, the July 16 event is being planned by Mrs. Alfred G. Parks, chairman, to feature many unusual booths this year.

Among these will be a country store, dispensing plants, home-canned items, jellies, preserves, etc.

Other booths will offer baked goods; books old and new; gifts of all types; jewelry; and needlework, running the gamut from aprons and doll clothes to hand-knits, crocheted items and hand-made toys.

Early for the season but sure to attract will be a Christmas Decor Center, offering decorations, cards and various items of the Yule season. In addition, the girls from St. Anne's Kingston, will make items to be sold in a special booth of their own.

The services of volunteers are needed, as are contributions, in order to make the St. Gregory's Fair the most successful ever.

Sponsor Jewelry Party for Lusaka

The women of St. Gregory's Episcopal Church, Woodstock, will sponsor a Celebrity jewelry demonstration in the Parish Hall Tuesday, 7:30 p. m., the proceeds from which will be sent to Project Lusaka. (The jewelry demonstration was originally scheduled for 2 p. m.)

Project Lusaka is the program undertaken by the Diocese of New York for 1965-66: the raising of \$65,000 for the enlargement of St. John's Seminary in Lusaka, Zambia.

Almost 10,000 children in the Diocese of Zambia depend upon church run schools for their education. The church's St. Francis Hospital is the one large medical facility in the diocese. In every respect the future of the church as an indigenous entity in Central Africa depends on this one small seminary and the future of the seminary depends on Project Lusaka.

The country of Zambia is one of the most stable and progressive of the new African nations. The Anglican Church, which began missionary work in that area in 1910, has been and continues to be a stabilizing and strengthening factor in Zambia culture.

Valley Chamber Head Promoted by Short Line Buses

The chairman of a 7-county regional Chamber of Commerce, including Ulster County, Samuel B. Jamieson Jr., has been promoted to the post of vice president in charge of marketing for the Short Line Bus System, according to J. P. Flateman, president.

Jamieson, who resides in Montgomery with his wife and three children, was graduated from Wallkill Central Schools and served in the South Pacific with the navy during World War 2. One of his daughters, Janice, is a sophomore at State University, New Paltz.

The regional Chamber group in addition to Ulster includes Pike County, Pa., Sullivan, Orange and Rockland Counties in New York and Sussex and

SAMUEL B. JAMIESON JR.
Passaic Counties, New Jersey.
Jamieson has been an employee of Short Line for 17 years.

Crawley Completes Course

Specialist Five William A. Crawley, 30, whose mother, Mrs. Bertha Crawley, lives at 8 Broadhead Street, Ellenville, completed a helicopter repair course at the Army Transportation School, Fort Eustis, Va., April 20. During the 19-week course, Specialist Crawley was

trained to repair single-rotor reconnaissance - type helicopters. Training included adjusting, removing and replacing helicopter assemblies. Crawley, a 1954 graduate of Ellenville High School, entered the Army in August 1959. He was last assigned at Fort Wainwright, Alaska.

Smuggling to Iron Curtain Countries Proves Profitable

By DAVID STEVEN HILL

VIENNA. (AP) — Smuggling across the Iron Curtain has become a profitable business — boosted by a scarcity of consumer goods in Communist Eastern Europe and the appeal of Western products.

The great tourist stream that treks eastward each summer, on holiday or weekend, gives smugglers a chance of trying to slip across the Iron Curtain under the noses of customs officials.

Nearly four million cars entered Yugoslavia last year and Czechoslovakia border checkpoints averaged up to 3,500 border-crossings a day.

Official Tells How

A typical case of modern smuggling was told by a Czechoslovak customs official, Frantisek Minarik of the Mikulov checkpoint.

"One day last August I had to take care of a long line of cars with weekend tourists and Austrians visiting their relatives in Czechoslovakia," he said.

"I checked a Viennese driver in an American-made car who was making his 28th trip to Czechoslovakia. I took a closer look at his car and noticed that the space behind the rear seat was rather large.

"I called a mechanic who unscrewed the wall behind the rear seat and pulled out 190 nylon coats that had been neatly stacked in his secret compartment."

Variety of Goods

Another smuggler passed the Mikulov checkpoint 47 times in nine months, shuttling back and forth with foodstuffs, watches, raincoats, transistor radios and leather jackets for Czechoslovakia and Czechoslovak cameras and antiques for Austria.

He had organized 15 young people into a group. Each had a specific task — purchasing, transport, storage and distribution.

A Vienna chauffeur stuffed the seats of his car with money, fixed a dozen radios under the dashboard; filled the space around the engine with watches and built a special compartment under the floor for lighters and ballpoint pens.

Smuggling into Hungary does not always cross the Iron Curtain. A Western group was arrested for smuggling goods in from Czechoslovakia. Czechoslovakia produces shoes, textiles, glassware and porcelain at prices considerably lower than those in Hungary.

Smugglers who get caught

face prison terms of several years, fines equal to the duties they would have had to pay for contraband goods, and confiscation of goods they were caught with and the car they transported them in. If they are foreigners they are expelled from the country after having completed their prison sentence.

Fifteen Lake George Fire Fighters Resign

LAKE GEORGE, N.Y. (AP)—The board of trustees of this Adirondack resort village was faced today with the resignation of 15 members of its 52-man volunteer fire department in a dispute over department control.

The resignations came Saturday in the wake of a resolution voted by the board last month requiring board approval of firemen nominated for officer posts and limiting service of officers to two consecutive years.

Among those resigning was Gilbert Herwerth, a volunteer fireman for 40 years. He had been re-elected chief after serving from 1964 to 1966.

Village funds provide a small salary for the chief and are used to maintain the firehouse and purchase equipment.

Morse Began His Criticism Of Presidents With Truman

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP) — Sen. Wayne Morse never stops belaboring President Johnson, especially for his Viet Nam policy. The two men get along well, Johnson is always finding special missions for Morse.

If it hadn't been for Morse — or his vote in 1955 — Johnson might not now be in the White House. At least his road there would have been tougher. But that isn't enough to explain the relationship between the two men.

Was Critic Since 1945
Morse has been a critic of all the presidents since he came to the Senate in 1945.

He started out as a Republican but the Democratic presidents from Harry S. Truman through John F. Kennedy and Johnson and Democrats in general have given Morse far more professional and political understanding and appreciation than President Dwight D. Eisenhower and Republicans in general.

Morse, who had been dean of the law school at the University of Oregon, had a background in constitutional and labor law before going to the Senate. President Franklin D. Roosevelt had appointed Republican Morse an arbitrator of labor disputes for seven years on the West Coast and then a member of the War

Labor Board for two. Then Morse went into the Senate as a Republican.

Clashed With Truman
Democrats were late to make use of that background but not the Republicans.

His first clash with Truman came in 1946 when the president, going before Congress to ask special measures to stop the railway strike, was suddenly interrupted quietly and then announced the strike was over. Morse later publicly derided this as tam acting. This infuriated Truman and many others.

In a relatively short time Morse publicly apologized and the following year publicly praised the president for vetoing the Taft-Hartley Labor Act and fought to sustain his veto. Later Morse revealed Truman had offered him a high government job. Some sources said it was the post of attorney general.

Truman Lauded Morse
And in his memoirs Truman spoke of his high regard for the Oregonian.

Morse poisoned himself with the Republicans when, after first supporting Eisenhower's candidacy in 1952, he did a reverse, quit the party, backed Adlai E. Stevenson, called Eisenhower a puppet of reactionaries. Morse considered himself an independent Republican. The Senate election results were close.

In deciding which party should control the Senate, Morse sided with the Republicans although Vice President Richard M. Nixon said they didn't need him or want him. Republicans paid him back for his desertion — Morse called it "horsewhipping" — by stripping him of all his important committee assignments. He was without them two years.

In the 1954 elections, although still an independent, he plugged for a Democratic victory. The result in the Senate: 48 Democrats, 47 Republicans. This time, if Morse had joined the Republicans, making the score 48-48, the vote of Nixon would have given control to the Republicans.

One result: Johnson would not have been majority leader, the job which gave him national prominence in a hurry, and he was a man in a hurry.

The Democrats, although Morse was still an independent, put him on the Foreign Relations Committee, a post he badly wanted. He did not declare himself a Democrat until a month later.

Later Morse banged away at Kennedy who nevertheless made use of Morse's talents in the labor field, just as Johnson did and does.

Dominican Noisy On Celebration, Free of Violence

SANTO DOMINGO, Dominican Republic (AP) — Lots of noise but no violence opened a week of celebrations Sunday of the anniversary of the Dominican revolution last April.

An estimated 10,000 demonstrators, most of them youths, massed at Independence Park, repeatedly shouted, "Go home, Yankees," and cheered loudly at the end of the three-hour rally when a big U.S. flag was burned.

Police armed with carbines

and tear gas bombs kept a careful watch. The army was on the alert. The Inter-American Peace Force, consisting mostly of U.S. troops, stayed in the background.

In evidence at the rally, organized by leftist groups, were the green and black banner of the pro-Castro 14th of June Movement and the red and black flags of the country's two Communist parties.

The newspaper El Caribe praised the demonstrators for being peaceful but expressed concern over "Communist infiltration into Dominican life."

World's deepest ocean is much farther below sea level than the highest mountain rises above it, according to Encyclopaedia Britannica.

CAB Rules Pilot In Plane Crash Died of Attack

WASHINGTON (AP) — A pilot's heart attack caused the light plane crash in which four persons were killed at Parkersburg, W. Va., last July 13, the Civil Aeronautics Board said today.

A pilot's heart attack also may have caused a crash at Painesville, Ohio, last Sept. 26 in which four persons were killed, the board said.

The crash at Parkersburg killed the pilot, Curtis O. White, 42, of Cincinnati, and his three passengers, James A. Gilkey and Albert J. Damico of Cincinnati, and William Gibbs of Columbus, Ohio.

The CAB said a post-mortem examination showed that White

had been incapacitated by a coronary attack on takeoff.

The plane that crashed on an evergreen nursery field near Painesville Sept. 26 was en route from Syracuse, N.Y., to Cleveland, Ohio.

The board said the accident was due to a power failure and loss of control "for undetermined reasons."

The board said that on the basis of a post-mortem examination of the pilot, Paul G. Badgley, 49, of Syracuse, it was not possible to determine whether he had suffered a heart attack.

"This could have occurred, and there is the possibility that sudden fright or a stressful condition might cause him to have an anginal attack or even an

acute heart attack," the board's medical report said.

Killed with Badgley were his three passengers, Chester J. Barch of Cloy, N.Y., and Harry T. Ditch and John T. Schweitzer of Syracuse.

Mother of Two Is Victim of Slaying

FARMINGVILLE, N.Y. (AP) — An attractive woman was found slain Sunday in her car on a lonely dirt path. Police said she had been stabbed and strangled.

The victim was identified as Marilyn Simons, 33, of neighboring Selden on Long Island. A widow for five years, she was the mother of two children and

was employed at the Grumman Aircraft Engineering Corp. in Calverton. She was described as being 5 feet 3 inches tall, of medium build, with long dark hair.

Authorities said she had been stabbed nine times in the chest and gagged and choked with parts of her garments. Her body was nude from the waist down. A man out rabbit hunting came across the parked car. No murder weapon was found.

The woman lay face up across the front seat. In the rear seat of the sedan was a new crib, apparently intended for a baby expected by the victim's daughter, Mrs. Linda Greco, 18, of Centereach, also in Suffolk County.

Mrs. Simons' son, Donald, 19, is an Air Force man at the Naval Air Station, Lakehurst, N.J.

Indian Is Named To Affairs Post; 2nd in History

By GAYLORD SHAW
WASHINGTON (AP) — Robert LaFollette Bennett is an Indian who firmly believes Indians should be doing more to shape their own destiny.

He says he'll work toward that goal—and the lessening of government supervision that it would bring—after he takes over this week as head of the federal government's Bureau of Indian Affairs.

Succeeds Philco Nash
When he is sworn in Wednesday as Indian commissioner, he will become the first Indian in nearly a century—and only the second in history—to hold that position. He succeeds Philco Nash, who resigned.

The commissioner-designate, born on the Oneida Indian reservation in Wisconsin, started his government career on the Ute Indian reservation in Utah 33 years ago after graduating from an Indian boarding school in Kansas.

His steady climb up through the bureau was climaxed last month when President Johnson nominated him for the agency's top job.

Plans Summer Session
Of the nation's 550,000 Indians, some 380,000 still live on reservations, many in squalor and abject poverty, and Bennett plans to ask the Indians what can be done to improve their lot.

He disclosed in an interview that he will hold a series of meetings with Indians this summer. The sessions probably will be held, he said, in the Southwest, Northwest and northern Plains—where most reservations are located.

"We need their contributions...I expect them to make more of their own decisions," Bennett said. "Where we feel we need legislation to give the tribes more authority, we will go to Congress and ask for that legislation."

This is all designed to lead to less government supervision of Indians—one of Bennett's aims. "Indian people are becoming better educated...and I think they should be free to use this education and experience as much as possible in shaping their own destiny," he said.

Names in The News

Reedy Quits Post

WASHINGTON (AP) — George E. Reedy, who has worked for President Johnson for 15 years, is leaving the White House staff.

Reedy, a presidential assistant since he left the office of press secretary last July, will join an engineering firm, it was reported Sunday.

Honors War Dead

WELLINGTON, New Zealand (AP) — Queen Mother Elizabeth, braving rain and gale-force winds, today honored New Zealand's war dead at an open-air memorial service in Wellington.

The service was the queen mother's first formal engagement in a two-day visit to Wellington.

Performs Kin's Rites

DODGEVILLE, Wis. (AP) — There was something unusual at a wedding Sunday.

The Rev. Stanley P. Wiese, pastor of the Methodist church, performed the wedding ceremony of his 76-year-old mother, Etta May Wiese, and Dr. William O. Foster, 82, both of Clearwater, Fla.

Mrs. Wiese's son was assisted by the Rev. William Wiese of Appleton, Wis., a brother of Mrs. Wiese's first husband, Carl, a Methodist minister. The Wieses had three sons and two daughters.

Weekend News In Brief

By THE ASSOCIATED PRESS

The prospect of intensified air war over Viet Nam appeared during the weekend.

American Phantom F4C Super-sonic jet fighters battled two new Soviet-built high-performance MIG21s Saturday for the first time. Neither side scored.

Two MIGs Downed
In another encounter, U.S. pilots shot down two MIG17s in a five-minute dogfight. American fighters had three encounters with Communist aircraft Saturday — the first aerial battles since last July 10.

No American planes were lost in the dogfights but two air force F105s were lost apparently from ground fire.

In another weekend Viet Nam development, the South Vietnamese government announced plans to name a 100-member committee to carry out its pledge of national elections. Ten thousand Roman Catholics staged an orderly Sunday demonstration in Saigon in a show of strength.

In India, the second train bombing in a week in rebel-ridden Assam State killed 39 persons and injured more than 65 at Diphu village in the jungled Mikir Hills. Naga tribesmen were blamed. The blast, third in two months, brought to 133 the number of persons killed in such explosions.

The Soviet Union has promised aid to the new leftist regime in Syria to build a huge dam on the biblical Euphrates River. The move could become another Soviet propaganda bonanza in the Middle East, much like the Aswan Dam in Egypt.

The Gemini 9 pilots outlined how they plan to simulate three rendezvous maneuvers on their three-day flight starting May 17 from Cape Kennedy. Air Force Lt. Col. Thomas P. Stafford is the command pilot with Navy Lt. Cmdr. Eugene A. Cernan his companion. Cernan is scheduled to make a 2-hour-25-minute space walk.

The Senate-House Atomic Energy Committee said "the reluctance of the Department of Defense to invest in nuclear-powered surface warships" poses a threat to the nation's security. It urged Congress "to be alert to assure that the reluctance... does not cause our Navy to lapse into obsolescence."

Killed in Front of Home

WILLIAMSTOWN, Mass. (AP) — David Sweet, 6, was struck and killed Saturday by an automobile in front of his home on the Hancock Road here.

Aldrich Slates Several Events For Coming Week

POUGHKEEPSIE — Alexander Aldrich's campaign headquarters here today announced the Republican congressional candidate's busy schedule for the week ahead.

Tonight, following a day of person-to-person campaigning in Dutchess County, will find the 38-year-old attorney attending a dinner meeting with prominent Dutchess County Republican

To Serve as Judge

Mac Abrams, well known percussion music teacher and proprietor of Abrams Music Store, John Street, will serve as judge on May 13 and 14 in the New York School of Music competition to be held for this district at Balston Lake. These competitions are held throughout New York State in the various areas. On April 16, Abrams served as adjudicator in the competition in the percussion instrument contests at Great Neck, L. I. For several years Abrams has served as a judge in the annual contests held by the New York State School of Music.

leaders at the Treasure Chest, in Poughkeepsie at 7 p. m.

Tuesday, April 26, the Aldrich schedule calls for active campaigning in Ulster County, topped off by a speech before the Teen Age Republican Club at the Ulster County Courthouse in Kingston at 8 p. m. Aldrich, who is chairman of the Mid-Hudson Institute for Citizenship Education, makes a special effort to communicate with young people (who don't as yet vote) because he believes the future of our country depends on the willingness of today's talented youngsters to seek political and government careers.

On Wednesday, April 27, Aldrich will follow a campaign trail that winds through the northern sectors of the 28th District. He will finish his active day with a debate before the Hudson Republican Club with his opponent from Dutchess County at the St. Charles Hotel.

Thursday, April 28, will bring Aldrich a brief respite from campaigning when he attends a Board of Directors meeting with

the Mid-Hudson Patterns for Progress, at Central Hudson's office in Poughkeepsie. That evening he will be the speaker at a Town of Ulster Republican meeting at the Lake Katrine Grange Hall.

Saturday evening, April 30, will find Aldrich at the Flamingo Restaurant in Saugerties at 7 p. m. where he will attend the Annual Dinner of the Saugerties Republican Club. By 9 p. m. he will be at the home of Mr. and Mrs. Louis Perry of Lincoln, Road, Town of Ulster, for a special party held in his honor.

Rocky Appoints Judge

ALBANY, N.Y. (AP) — Gov. Rockefeller has appointed Joseph S. Montesano of Mt. Morris as Livingston County Court judge to succeed Austin W. Erwin Jr., who resigned.

Montesano's appointment, subject to State Senate confirmation, is for a term ending Jan. 1, 1967.

He has served as an estate-tax attorney for the State Tax Commission.

Another Terrorist Attack

SAIGON (AP) — Five Viet Cong terrorists attacked a traffic police substation here tonight with submachinegun fire and grenades. They wounded 11 policemen and two civilians.

The terrorists struck first with machinegun fire and then tossed at least six grenades into the two-room building. Two of the grenades were duds. The terrorists also planted a mine. It did not explode. All the group escaped.

Registered U. S. Patent Office

by JIMMY HATLO

Sorenson Appointed

SANTA CRUZ, Calif. (AP) — Thomas C. Sorenson, whose brother Theodore was a special advisor to President John F. Kennedy, has entered the academic world.

Sorenson, 40, Friday was named vice president in charge of university relations at the University of California.

Tennessee Politics

NEWPORT, Tenn. (AP) — General Sessions Court Judge Benton Giles, defeated in a recent Republican primary, inserted an advertisement in the Newport Plain Talk to thank the people who voted for him.

"Thanks," the advertisement began. Just below the ad was a similar one, signed by Mrs.

Giles. "Thanks," it began. "I want to thank the voters of Cocke County for not voting for my husband. Now, that he is out of politics I may be able to get him in church."

The orangutan is a giant ape which lives in Sumatra and Borneo.

Gannett to Buy 10

CHERRY HILL, N.J. (AP) — Officials of The Gannett Co. of Rochester, N.Y., and the Suburban Newspaper Group Inc. of New Jersey, say they have reached agreement for the sale of Suburban's 10 weeklies to Gannett.

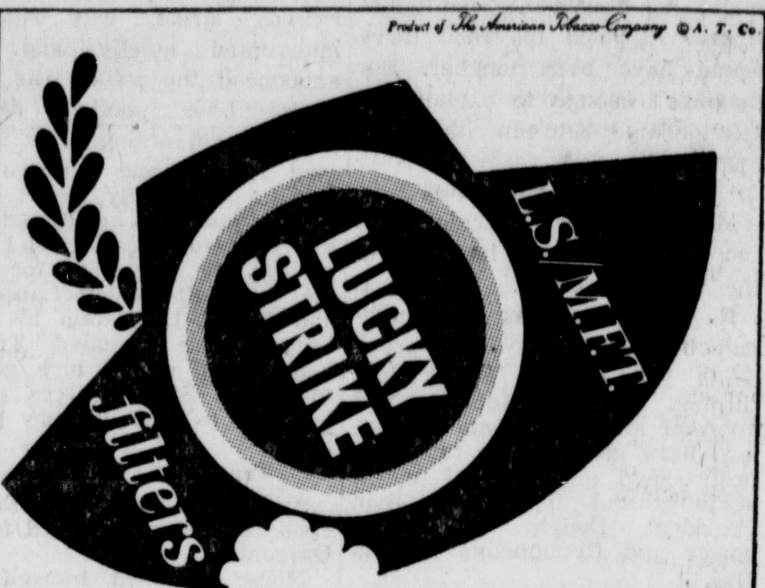

The terms of the sale were not disclosed Friday in a joint announcement by William A. Stretch, a member of the Gannett board, and Frank Kelemen, board chairman of Suburban. The weeklies claim a com-

bined circulation of more than 80,000 in Camden and Burlington counties in southern New Jersey.

Stretch said no changes were anticipated in the operation of the weekly newspapers.

Well for Spent Acids

CHICAGO (AP) — Inland Steel Co. says it will spend \$2.6 million for a 4,300-foot-deep well in which to dispose of spent acids used in cleaning steel. The well will serve Inland's Indiana Harbor works in East Chicago, Ind.

Hints from Heloise

By HELOISE CRUSE

Dear Heloise:

How does one turn her husband's shirt collar when it has pieced material (to hold collar stays) on the back side of it? I just can't figure it out.

Have I lost ALL my marbles? Earnestine

No, you haven't, dear. Quit worrying about it.

My husband is military, and all his shirts are that way. I even wrote the manufacturer, and tried to buy extra shirt collars. They don't sell 'em!

If your husband's shirts are the regular white kind, you could go to your dime or department store and buy some extra shirt collars (they sell 'em), and replace the worn collars with these. They also sell cuffs.

Don't try to re-cover a collar yourself. I tried. It takes over two hours, and they still look like Humpty Dumpty's cracked egg.

Ever heard that old saying, "Look before you leap?"

Heloise

Dear Heloise:

Maybe your readers would like to try this:

My closets were looking very nice, except for my shoe boxes (many of the lids were crushed, bent or torn).

I used adhesive-backed paper to cover the lids and the boxes. Now they're really something to see!

Also, I took some of my husband's old business cards, wrote the type and color of the shoes on the back of them, and taped them on the boxes.

Mrs. P. J. Wheelwright

LETTER OF LAUGHTER

Dear Heloise:

Why all the "to-do" about keeping bathroom mirrors clear?

As a grandmother, age 45, I still have all my own teeth, don't need glasses — yet — and I weigh just what I did as a high school senior.

I feel young — until I look in a mirror!

I say, LET'S KEEP 'EM FOGGY!

Kate

Dear Gals:

For those of you who bake, but do not have a cover to keep your cakes and pies fresh:

Are you aware that the large mixing bowl (which came with your set), can be turned upside down over a cut cake, and suffices wonderfully?

When these can be utilized for this purpose, and you use the big bowl so seldom, why clutter up your cabinet with a cake cover?

I'm all for simplicity myself — makes housekeeping easier, eh?

Heloise

Dear Heloise:

Grease spots can be removed from cotton blouses, ect., by rubbing DRY, powdered starch on the spot, and then pressing the garment with a fairly hot iron. Brush with a dry cloth after ironing, and the spot will be gone.

Jean Steen

Dear Heloise:

My husband rides a motorcycle to work.

One day the fellows at work decided they would decorate a little, and painted two white and one red stripe down the back of the old leather coat my husband wears when riding the motorcycle.

It turned out that he is more noticeable to drivers, both day and night.

One could use tape that glows in the dark instead of paint. And, wouldn't this idea be wonderful for children on bicycles and people on motor scooters?

Nancy C. Heloise welcomes all mail, especially household hints which she can pass on to readers as space permits. However, because of the tremendous volume of mail she receives daily, Heloise is unable to answer all individual letters. She will answer reader's questions in her column whenever possible.

(Copyright, 1966, King Features Syndicate, Inc.)

SAVING UP—Sarah Hunt's part-time job sorting silver in a dining hall at Wittenberg University in Springfield, Ohio, has special significance and a special purpose. She handles the task without difficulty although she is blind. And it's providing Sarah, a sophomore from Lima, Ohio, with money for a record-the-world concert tour she'll be starting in June with the 75-voice Wittenberg Choir.

MR. AND MRS. FRANK R. MISASI of Glasco celebrated their 25th wedding anniversary on Saturday, April 16 with a surprise dinner-party at Tommy's Restaurant, High Street, this city. The gala event was given by their two daughters: Mrs. Joseph Gambino April 20, 1941 in St. Mary's Church, Kingston. Among the 70 Jr. and Miss Donna Misasi. Mr. and Mrs. Misasi exchanged vows on guests attended the recent party were Mrs. John Paduano of New York and Frank Qualtieri who had served as attendants. Mr. and Mrs. Misasi received many congratulatory gifts and messages in honor of the occasion. (Freeman photo by Kruh)

Full Scholarship Awarded to Morris

Michael J. Morris, son of Mr. and Mrs. Christopher D. Morris of Hurley, New York, has been awarded a full four-year scholarship to Cornell University Medical School in New York City.

The award was made by Cornell University where Mr. Morris is now a senior pre-medical student. He will graduate in June.

Mr. Morris attended Oakwood School, Poughkeepsie, N. Y., for four years where he was a four-letter man and captain of the Oakwood football team in his senior year. He graduated from Oakwood in 1962.

Frankness Required Regarding Sex, Says Dr. Harrison Eddy

By JOY MILLER
AP Women's Editor

NEW YORK (AP) — Colleges are failing in their duty to tell students what is expected of them concerning their sexual conduct on campus, says a leading psychiatrist.

Dr. Harrison Eddy says neither he nor his colleagues who wrote a report "Sex and the College Student," found that any school explicitly spelled out in printed form what it would and would not condone in student sexual matters.

"Yet institutions widely assume that student behavior will reflect the college rules and regulations," says the report released today.

Dr. Eddy, who edited the report by the committee of the Group for the Advancement of Psychiatry, said "college administrators, like so many parents, all too often avoid the subject and seek refuge in emphasizing bedtime hours, parking regulations, rules for entertaining mixed company and other transparent dodges students see through, rather than show courage and join the issue with which adolescents are so urgently concerned."

"What issue? What they should do with their burgeoning sexual feelings, their yearning for closeness, for physical and emotional gratification that approaching adult sexuality seems to offer."

Youth is searching for an honest set of moral standards that have relationship with actual realities of today, says Dr. Eddy, a former psychiatric consultant at Vassar College. "Those frequently preached by their elders too often seem to them to be based on realities of a century ago."

He urges colleges "not to renege and leave these adolescents alone to thrash around with this problem. Answers can't be easily arrived at, but they can grow out of increasingly candid exchange between educators, parents and students, and between students themselves."

College students are at once inexperienced and at the same time exposed to an adolescent biological drive, he says. Their reading matter includes the Kinsey Report and such detailed sex studies as the newly published "Human Sexual Response" by Washington University researchers.

With all this adding to the natural turmoil of adolescence, Dr. Eddy says, "college administrators owe it to the students to tell them frankly what in fact they expect of them in this area."

"In addition, colleges owe it to the students to make available some of the experience and wisdom that has come down through the years and to make available to them the informed adults who have so'd these problems before them, although today's students may have to work out new answers for themselves."

MRS. THOMAS O. KLOMPS

Ann A. Wickman, Thomas Klopms Wedding Takes Place April 23rd in Kingston

(Editor's note: Through an oversight, an advance report of the Wickman-Klopms wedding was announced in the Thursday issue of the Freeman. The wedding was scheduled for April 23rd. The Freeman is publishing a re-run of the wedding story.)

Miss Ann Aleeta Wickman, daughter of Mr. and Mrs. Henry O. Wickman of 55 Southfield Street, Kingston exchanged marriage vows with Thomas O. Klopms, son of Mr. and Mrs. Orville M. Klopms of 608 Plainfield Street, this city, on April 23, 1966. The double ring ceremony took place at 2 p. m. in the Lutheran Church of the Redeemer, this city, with the Rev. David C. Gaise officiating. Mrs. Lester Decker was organist.

White chrysanthemums and gladioli decorated the altar for the occasion.

Given in marriage by her father, the bride wore a gown of peau de soie designed with a molded bodice, belled skirt and long tapered sleeves. The gown was embellished with lace appliques and seed pearls and had a chapel length train. A nylon illusion veil was shirred to a crown of pearls and crystals. The bride carried white roses with baby's breath in cascade style.

Mrs. Mary Feldweg of Poughkeepsie was matron of honor for her sister. She wore a full length gown of deep blue satin with a floating back panel and featured an embroidered empire waist band. A headpiece of spring blue daisies completed the outfit. She carried rose pink carnations in cascade arrangements. Miss Bonnie Williams of Niverville, N. Y., Miss Barbara Boughton of Dutchess Turnpike, Poughkeepsie, and Mrs. Joann Wickman of Kingston, served as bridesmaids. Their gowns were identical to that worn by the honor attendant except in powder blue. They carried light pink carnations in cascade style.

Miss Nancy Bombard, cousin of the bridegroom, was the flower girl. She also wore powder blue and carried a princess basket of light pink carnations.

Richard Klopms of 608 Plainfield Street, this city, was best man for his brother. Ushering were Thomas Wickman, brother of the bride; Harry Bombard of Albany, cousin of the bridegroom; and Edward Feldweg of Poughkeepsie, Brent Feldweg, the bride's nephew, was ring-bearer.

A reception for 120 guests was given at the Governor Clin-

ton Hotel after the Church ceremony.

The bride is a graduate of Kingston High School and Albany Business College. She is a secretary employed by IBM in Kingston. Her husband, an alumnus of Kingston High School, served four years with the U. S. Marine Corps in Submarine Duty. He is now a technician at IBM, Kingston.

When Mr. and Mrs. Klopms return from their Washington, D. C., trip they will be at home at 147 Broadway, Port Ewen, N. Y.

Mid-Hudson Physics Group Elects Snider

Election of officers and the presentation of seven papers marked the first formal meeting of the newly-formed Mid-Hudson Physics Teachers Association, held this week at State University College, New Paltz.

Officers elected were president, Dr. Ray M. Snider, Division of Physical Sciences, New Paltz; vice-president, Brother Brian Desilets, Department of Physics, Marist College, Poughkeepsie; and secretary - treasurer, Mr. Morris Samberg, New Paltz.

Named members at large were Dr. Hugh Halsey, chairman of the department of physics, Dutchess Community College; Mr. Herman W. Pollak, department of physics, Orange County Community College; Mrs. Faith Hill, Middletown High School; and Mr. Francis Smith, department of physics, Ulster Community College.

Dr. Snider said the organization will work to promote communication among physics teachers or high schools and colleges in the Mid-Hudson area and to advance the teaching of physics at all educational levels. Membership is not limited to teachers, but is open to all interested in physics education, he said.

Guest speaker for the dinner meeting was Mr. Sigmund Abeles, associate in science education of the New York State Education Department, who spoke to the group about the development and present status of the State's experimental regents physics course.

Presenting papers at the initial meeting were seven college physicists. Titles and authors were:

"The Physics Program at Hudson Valley Community College," Mr. Ronald Frinks, Hudson Val-

NationalYWCAWeek Is Observed Here; Programs Are Listed

The week of April 24 through 30th will be celebrated by the Young Women's Christian Association of Kingston and Associations across the United States as National YWCA Week, 1966.

This annual observance will provide opportunity for the YWCA to tie in with a concentrated nationwide membership drive to reach girls of all races, creeds and economic backgrounds, Miss Frances Maxwell executive director, said as she announced YWCA Week in Kingston.

In Kingston, the Y-Teens are planning a variety show for Friday, April 29th at 8 p. m. at the Brigham School. The Kingston Kiwanis Club recognizes YWCA Week by inviting Miss Maxwell, Mrs. Betty Eighmey, present president of the Board of Directors of the YWCA, and Mrs. Janet Mc Coubrey, incoming president of the Board to luncheon during their regular luncheon meeting that week. Miss Maxwell announced the YWCA is planning a full program for May. Details may be obtained at the YW, 209 Clinton Avenue, Kingston.

"Again this year," the executive Director Miss Maxwell, pointed out, "the YWCA is inviting girls and women to invest in themselves so they may be prepared to meet the demands of today's world. Women from all over the Hudson Valley are cordially invited to share in the activities of the YWCA in Kingston. Programs of fellowship, health, fun, skills and recreation are designed to provide the kind of experience that encourages personal growth." Miss Maxwell and other staff members of the YWCA will be on all week to give girls and women of the area a firsthand look at the program available to them and to explain the national and international aspects of the YWCA which is now at work in 75 countries of the world.

The YWCA is an agency of the Community Chest.

MR. AND MRS. CHARLES BROCCO of 504 Albany Avenue, this city, celebrated their 25th wedding anniversary on Saturday, April 23 at Tommy's Restaurant on High Street. More than 20 relatives and friends attended the gala occasion. The guest list included Alfred Brocco, who had been best man at Mrs. Donal Pier-which took place on April 27, 1941. Mr. and Mrs. Brocco have two sons, who serve as the honor attendant for the wedding ceremony children: Mrs. Vincent Ippolito and Charles John Brocco. They have one grandchild. (Freeman photo by John Kruh)

Public Lecture Is Slated for Vassar

"Governmental Devices for River Basin Administration" will be explained at Vassar College on Tuesday, April 26, by Dr. Rose Martin, Professor of Political Science, the Maxwell Graduate School of Citizenship and Public Affairs, Syracuse University. The fifth in the series of six public lectures on "The

River" to be given at Vassar this spring, it is scheduled for 8 p. m. in Taylor Hall and is open to all those interested in the protection and development of the Hudson Valley's resources. Professor Martin was American Specialist in the Bureau of Educational and Cultural Affairs of the Department of State in 1963-64, giving lectures and acting as consultant in nine foreign countries. Sought after as lecturer and consultant, both in the U. S. and abroad, he has served as Consultant to the Ford Foundation, to the Tennessee Valley Authority, to the Commission on Intergovernmental Relations and to the Federal Civil Defense Administration, among others. In 1951 he was a member of the U. S. Delegation to the Sixth General Conference of UNESCO in Paris and also a member of the United Nations Public Administration Mission to Brazil.

The author of scores of books, monographs and articles pertaining to the field of public administration, Dr. Martin is editor of the recently published "Public Administration and Democracy." A graduate of the University of Texas, he holds the Ph. D. degree from the University of Chicago.

HOME ECONOMICS GROUP—Members of the Home Economics Sewing Class from Kingston High who took part in the Sorosis judging included (l-r) Mrs. Grace Frasier, instructor; Rachelle Lipton; Bernadette Murray; JoAnne

Overbaugh; Josephine Reichel; Thelia Souerlis; Barbara Tobiasen, who took first place prize; Mrs. Thomas Reynolds Sr., of Sorosis; and Donna Turner. (Freeman photos by Wagenfohr)

INDUSTRIAL SEWING GROUP—Representing the industrial sewing group from Kingston High School were (l-r) Barbara Warrick, Mabel Gutting, Thelma Stanton, Jane Meehan, Sandra

Keator and Gail Naccarato. The sewing contest was sponsored by Sorosis of Kingston. Taking first place in this group was Miss Stanton.

Sorosis of Kingston Sponsors Contests; Winners Announced

Members of SOROSIS met Monday, April 18, at the home of Mrs. Thomas W. Reynolds Sr. Mrs. William McVey as chairman of the arts and crafts committee, moderated a fashion show. Thirteen girls from Kingston High School's Home Economics and Commercial sewing classes modeled dresses and suits which they had made themselves. The garments were judged for excellence of sewing, fit and general effect. Vote was by ballot with Sorosis members serving as judges.

In the Industrial Sewing group, which has been instructed by Mrs. Evelyn Thomas of the Kingston High School staff, the first prize was won by Miss Thelma Stanton. Her outfit was a two-piece model, made in beige wool looped mohair, having a slim line dress and a matching double-breasted cape-coat.

First prize for the Home Economics sewing class, whose instructor is Mrs. Grace Frasier, went to Miss Barbara Tobiasen. Her dress was made with a medium blue rayon material and the high style dress featured a gathered yolk, long sleeves and white collar and cuffs.

The judges agreed that their task in choosing a winner was very difficult because all the garments were attractive and well made. The workmanship is a credit to the excellent training the girls have received.

The vice president, Mrs. John Frenssen, conducted the business meeting which followed the fashion show. Plans were made for the annual meeting to be held at the home of Mrs. William Reynolds at 10 a. m. on May 2.

Mrs. William McVey reported on the Art contest of the Kingston High School Art Department held in the Community Room of Britts Department Store last week. The winner of the first prize of that contest was Leslie

Sanford who was presented with a \$25 Government bond by the Rotary Club of Kingston. Second prize was won by Miss Ann Marie Harms who received \$10 from Sorosis. Miss Joanne Meeks received honorable mention for her painting.

Regret was expressed by all because a respected and much-loved member of the club, Mrs. H. W. Wiggins is leaving Kingston.

The hostess served tea after the meeting with Mrs. John Frenssen presiding at the table.

BIRTHS

Births recorded recently by the city registrar included the sixth set of twins born here, to date this year.

They are: Judith Ann and Stephan James born to Mr. and Mrs. James Jude Fairley, Esopus Avenue, Ulster Park, at the Benedictine Hospital April 17.

Other births:
April 11—Clara Edna to Mr. and Mrs. Everett James Babcock, Box 192, Kerkonkson, and Kelly Marie to Mr. and Mrs. Lawrence Warner Cosenza, 19 VanGaasbeck Street.

April 15—Lilee Jui to Mr. and Mrs. Shu-Chin Shen 69 Prospect Street; Gwenn Elizabeth to Mr. and Mrs. Allen William Carney, 10 Alenzer Avenue; and Kevin Charles Jude to Mr. and Mrs. Leo Gerard Wells, 61 Spring Street.

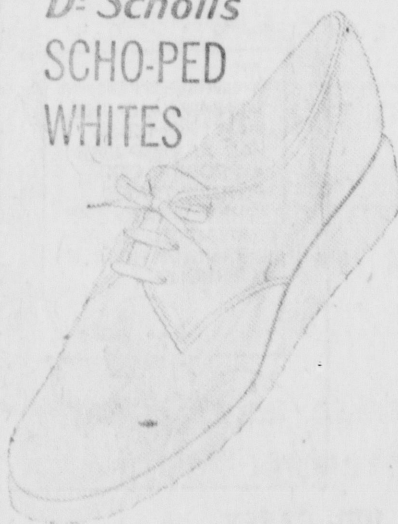

April 16—Kevin Donald to Mr. and Mrs. Donald Haver Bernard, Shuler Lane, Lake Katrine, and Darin Lucius to Mr. and Mrs. Joseph John Moroney, 31 Cornell Street, Red Hook.

April 17—Agnes Cecelia Diane to Mr. and Mrs. Lloyd Alvin Jones, Elting Road, Rosendale, and John to Mr. and Mrs. John Vincent Resso, 87 Clinton Avenue.

April 18—Sean Joseph to Mr. and Mrs. Thomas Joseph Wolman, 306 Washington Avenue.

April 19—Scott Thomas to Mr. and Mrs. Larry McCord Decker, Route 2, Town of Gardiner, and Lisa Ann to Mr. and Mrs. Robert Eugene Collette, Town of Saugerties.

Cast Is Named For School Play; McGrath in Lead

The Teahouse of the August Moon will be presented by the Rondout Valley Teachers' Association at 8:15 p. m. in the high school auditorium at Stone Ridge on May 6, 7, 13 and 14. This satirical dramatic tale by John Patrick is based on a novel by Vern Sneider. The play won both a Pulitzer Prize and a Critics' Circle award for the 1953-54 Broadway season.

The play concerns the introduction of democracy, American-style, to the village of Tobigi on the island of Okinawa shortly after the close of World War II. A confrontation of two cultures provides the basic source for this humorous, yet thoughtful comparison of the beliefs and customs of East and West. Bureaucratic red tape, military bungling, and organizational confusion are among the particular objects of this penetrating satire.

Dixon McGrath, who teaches sixth grade at the Marbletown E. S., will portray Sakini, an Okinawan interpreter who directly presents the story in true Oriental fashion. Mr. McGrath is no stranger to local audiences. He portrayed General Bullmoose in Lil Abner, appeared as Og in Finian's Rainbow, and was Grandpa in You Can't Take It With You. Mr. McGrath, a most talented thespian, also directed all of the previous faculty plays.

The role of Lotus Blossom, a lovely and charming geisha girl, is delightfully presented by Mrs. Ben Daskal. Mrs. Daskal is a first grade teacher at the Kerkonkson E. S. She appeared as Appassionata von Climax in last year's production of Lil Abner.

John Mead is a commanding and entertaining figure as Colonel Wainwright Purdy III, U. S. Army. Mr. Mead teaches elementary instrumental music in the Rondout Valley Central School district. He appeared as Earthquake McGoon in Lil Abner, as the Senator in Finian's Rainbow, and as Ed Carmichael in You Can't Take It With You. He has also organized much of the instrumental music used in other faculty plays.

Captain Fishy, U. S. Army, is admirably acted by Michael Gould, who joined the French Department at Rondout Valley H. S. this year. Mr. Gould, who has had extensive college theatrical experience, has appeared in "Auto-da-fe," "He Who Says No," and "No Exit. Last fall, he achieved considerable success as Charlie in Never Too Late at New Paltz with the Ninety Miles Off Broadway players.

Directing the play this year is Mrs. Joan Mead, who teaches English at Rondout Valley H. S. Mrs. Mead is well known to local audiences for her roles as Daisy Mae in Lil Abner, as

Sharon in Finian's Rainbow, and as Alice in You Can't Take It With You. While at the University of Vermont, she participated in productions of Brigadoon, Carousel, Carmen, and year. Tickets in the general re-Where's Charley?

All seats are reserved this year. Proceeds go to the

R. V. T. A. Scholarship Fund. Tickets may be purchased at the high school from 11 a. m. to 1 p. m. each day and from 8 p. m. to 9:30 p. m. on Tuesday and Thursday evenings.

Doing The Right Thing

By ELIZABETH L. POST

Note: With today's column, Elizabeth L. Post, Emily Post's granddaughter-in-law, who has revised her famous book "Etiquette" and who worked closely with her for many years, takes over her column. The title of the column has been changed to "Doing the Right Thing," which in Elizabeth Post's opinion, is the essence of etiquette.

HOW OLD SHOULD A GIRL BE BEFORE SHE GOES STEADY?

Dear Mrs. Post: My daughter is going steady and we have been arguing about two things: First, do you think 15 is too young to tie yourself to one person? Second, how many nights a week should she be allowed to see him? We would both appreciate your answers.

—Ruth

Dear Ruth: Fifteen is definitely too young! The teen years are the time when young people should be meeting all sorts of people and broadening their experience. Lots of different dates and a variety of entertainments are part of getting the experience they need before they choose someone they want to spend the rest of their lives with. Aside from that it's fun! But since she is going steady, I firmly believe that dates should be restricted to weekends and holidays. If she doesn't go to school with him they can meet after school, before homework hours start, but at that age they need time to work and time without distractions.

Who Opens the Heavy Doors?

Dear Mrs. Post: When you are walking with a girl and you come to a door which opens away from you, what do you do? Do you go through first and hold the door open for her, or do you push it open and stand aside to let her go through first? Sometimes if the door is very heavy, it is almost impossible to keep it open.

—Ken

Dear Ken: The second way is correct. I realize that sometimes it is difficult to keep the door open, but unless the girl is a terribly helpless type, she will put out her hand and help to hold the door.

Wear Pin Where It Goes Best

Dear Mrs. Post: I would like to know on which side of a dress, or suit, a pin should be worn. Some say the left and others say the right. Is there any rule?

—Susan

Dear Susan: There is no rule. It may be worn on whichever side it looks best.

What is your most puzzling etiquette problem? To the sender of the most interesting question that we receive each week, we'll

Comedians Signed for Temple Emanuel Dance

THE BARTON BROTHERS

The Barton Brothers, veteran comedians of records, night-clubs and hotels, will headline the Broadway show to be held at the spring dance of the Temple Emanuel Saturday, April 30 from 9 p. m. to 1 a. m.

The Barton Brothers have appeared from coast to coast with their comedy and singing routine geared to appeal to all audiences, both young and old. They have just finished engagements in leading hotels in the Miami Beach area and are well known for their appearances in the Sullivan-Ulster County resort hotels.

Their specialty records have been big hits for more than twenty years and their comedy routines have delighted audiences in many of New York's leading night clubs.

Also appearing on the program with the Barton Brothers will be Jerome Heller, a performer who sings everything from opera to swing and who will soon be appearing at the

send a free copy of Emily Post's "Etiquette," revised by Elizabeth L. Post. The question chosen, and its answer, will be published in this column every Friday.

Send your question to Elizabeth L. Post, in care of this newspaper, and be sure to include your name and address. (A Bell-McClure Syndicate Feature)

Miss Anita Takken Of Netherlands Will Wed Air Force Man

Dr. and Mrs. Peter P. Van Solt of Utrecht, the Netherlands, announce the engagement of their daughter Anita Takken, to Paul M. Zellner, son of Mr. and Mrs. George Zellner of Kripplush.

Miss Takken is employed as a telephone operator in Utrecht. Zellner is stationed at Soesterberg, the Netherlands, with the U. S. Air Force.

A July wedding is planned.

Personals

Mr. and Mrs. John Halwick of Kingston celebrated their third wedding anniversary with a dinner-party at Jake's Grill on Greenkill Avenue, Tuesday, April 19th.

Captains' Meeting Called for Tuesday; Community Concerts

With the annual membership drive of the Community Concert Association just weeks away, Mrs. Ralph Harper and Mrs. William Rylance announce the captains' meeting will be held Tuesday, April 26 at 2:30 p. m.

as well as 7:30 p. m. for those who cannot attend the afternoon session. The meeting will be held at the home of Mrs. Rylance, 44 West Chestnut Street. Purpose of the meeting is to distribute all materials to workers in preparation for the membership drive scheduled to begin May 9.

Binghamton Awarded 1968 State Tourney

Binghamton Bowling Association was awarded the 1968 New York State bowling tournament at a meeting of the New York State Bowling Association, Saturday at Albany.

Albert O. Sonnenberg, chairman of the Kingston Bowling Association-Kingston Area Chamber of Commerce state tournament committee, said Kingston withdrew its bid during debate on the awarding of the 1968 classic.

The vote was an overwhelming 49-2 in favor of Binghamton over Schenectady.

Binghamton last hosted the state tournament in 1942. It made a strong bid for the half million dollar plum in 1965 at Niagara Falls but lost to Syracuse on the third ballot.

Four Bidding for 1969

Kingston immediately announced it would bid for the 1969 event, Sonnenberg said. Three other cities—Buffalo, Schenectady and New York—also have announced intentions to file bids.

Early speculation is that Kingston will rate a strong contender when the delegates convene at Syracuse next spring to select the host city for 1969.

Jones Moves Up

The convention elected Joseph Robelotto, an Albany appliance dealer, president of the association for 1966-67.

Addison Jones of Kingston was elevated to 2nd vice president behind J. Nelson Thurston of Lockport. James Malambri of Fulton was elected third vice president and William Marchese, Buffalo, 4th vice president.

Herbert E. Burns of Tonawanda was elected secretary-treasurer and Carl Samuelson of Olean, assistant secretary-treasurer.

Representing the Kingston Bowling Association at the convention were: William Mohr, president; Jones, Sonnenberg and KBA director Henry Miller.

With 3247 Gross

The Wildcats, an all-Kingston combine, blasted their way into the team gross lead with a 3247 series in the 2nd annual Colonial City tournament at Sangi's Bowling.

With four men grossing better than 600, the locals fired 2734 in the wood and had 513 pins handicapped. The gross scores were 1085, 1057, 1105.

Ed Tudy and Earl Moore tied with 676 gross. Sam Macalline and Winston Fitzroy bagged 657 each and Martin Keller had 581.

Lenox House of Pittsfield, last week's leaders, plummeted to fifth place in a wholesale scrambling of the standings. Led by Dick Lamoreaux's 715 gross, Lamoreaux Mobil of Kingston took over second place with 3221. Lamoreaux took over the lead for the Tom Orr Trophy, awarded to the bowler rolling the highest gross series in the team event.

AAA Saw Filing Service of Rifton holds third with 3131, followed by Kingston Oil Supply No. 2 (3102) and Lenox House, Pittsfield, 3097.

Lenox Leads Net

Lenox House of Pittsfield leads the team net shooting with 2935. Trailing are Galloway Mustang, Newburgh, 2924; and Shaker, Travis, Quinn of Poughkeepsie, 2884.

The leaders:

The Wildcats (3247)

Macalline 184 185 204 657

SAUGERTIES NEWS

Merchants Slate
Moonlight Sales

Eleven Saugerties merchants with business places along Main and Partition Streets are cooperating in a special Moonlight Sales promotion. The event, which will offer local shoppers bargains galore, will be held for one day only, Thursday, April 28, from 6 to 10 p.m.

To call attention to the Moonlight Sales, a special display featuring a 1934 vintage yellow Rolls Royce in mint condition is being loaned to the merchants along Partition Street this week. The car has been provided through the courtesy of Mid-Hudson Antique Auto Club of Saugerties and is drawing admiring glances from passers-by at its parking place in front of London's Department Store.

All merchants participating in the nighttime event have been promised many special values, surprises and one of a kind giveaways.

Moonlight Sales is the third big sale to hit Saugerties in recent months. Two previous sales, one on Washington's Birthday and another at Easter, gave local residents plenty of reason to stay at home to do their shopping.

Schedule Movie
At Tuesday Meet

A movie, Bay Horse Trout, by Gadabout Gaddis will be one of the prime attractions at the monthly meeting of the Saugerties Fish and Game Club, scheduled Tuesday at 8 p.m. in the Centerville Methodist Church Hall, Route 212, Centerville, off Fish Creek Road. The film will be shown promptly at 8:15 p.m. and members are urged to come early in order to assure themselves good seats.

Arrangements for the annual banquet will also be discussed at the meeting and members will hear partial results of the current building fund campaign. Those planning to attend are also reminded that dues deadlines are rapidly approaching and assistant secretary J. W. Cleveland suggests these be paid shortly.

Notes of Interest

Howard Post, who has been confined to his Elm Street home due to illness, is improving. He would welcome visits or notes from friends.

Valentina Hope, infant daughter of Mr. and Mrs. Wilson Van Vliet, of Mount Marion, was baptized recently at First Congregational Church, Saugerties. Sponsors for the baby were Richard A. Mickle and Miss Michele Scarelli.

Oregon Student
Bowling Champ

ROCHESTER, N.Y. (AP) — Larry Bell, a 23-year-old University of Oregon student, won the singles and all-events titles Sunday in the eighth annual Intercollegiate Bowling Championships.

Bell compiled 592 in singles and a six-game total of 1,172 to top 15 other college bowlers on lanes at the American Bowling Congress Tournament.

Dan Van Wolvelaere of Northern Michigan University and Gerald Heverly of Gettysburg College, Pa., won the doubles championship with 1,125.

Wolvelaere shot 563 in a three-game series, while Heverly had 562.

The 16 contestants were finalists in competition among 9,000 college students.

PROMOTION ATTRACTION—All this marvelous machine (a 1934 vintage yellow Rolls Royce) needs is Rex Harrison or Ingrid Bergman behind the wheel to be a walking advertisement for the recent movie which featured both those stars and a car that could be its twin. It is a parked advertisement, however, for the Moonlight Sales promotion in Saugerties this week. Eleven local merchants are cooperating for the sale, slated Thursday from 6 to 10 p.m., and the Rolls, exhibited by Mid-Hudson Antique Auto Club of Saugerties, is calling attention to the bargain event from its display area in front of London's Department Store.

Elect Collector
New President of
Old Senate House

JOHN P. REMENSNDYER

A widely-known Saugerties historian and collector of early Hudson Valley historical items has been elected president of the Senate House Association of Kingston. He is John Paul Remensnyder, named president at the annual meeting of the trustees of the Senate House Association at their meeting last week.

Remensnyder became a member of the board of trustees when he was appointed by Governor Rockefeller in 1962 to succeed another Saugertiesian, Mrs. Anna F. Thornton, whose term had expired. He has also served three terms as president of the Ulster County Historical Society.

The new president for the coming year is a native of New York City. He moved to Saugerties approximately 20 years ago to take up residence in the old Myrdene house. A former president and board chairman of the Hayden-Newport Chemical Company of New York, he is also a past president of The Pewter Collector's Society.

He has served on the board of directors of the Albany Institute of History and Art and is a member of several chemical societies, including the American Chemical Society, the American Institute of Chemists and the Chemist's Club. Noted for his collection of early Hudson Valley furniture, tools and household equipment, he is active in several historical societies in addition to the county group, including the New York Historical Society. He was also one of the most active members of the local Hudson-Champlain Celebration committee several years ago. During that time, he treated the people of Saugerties to displays from his collection in store windows throughout the village in 1959 when the entire area observed the anniversary of Henry Hudson's sail up the river.

Known for his philanthropy, Remensnyder often presents rare objects from his collection as gifts to museums and other historical organizations. One of these was the early Dutch cast-iron fireback which he donated to Sleepy Hollow Restorations of Tarrytown. Another was the sketch of early Saugerties which now hangs in the local Village Clerk's office.

Serving with the Saugerties resident as new officers of the Senate House Association will be Capt. Andrew S. Hickey, U. S. Navy, Ret., of Kingston,

as vice-president; Kenneth C. Hashbrouck, New Paltz, secretary; and Mrs. Allan L. Hanstein, Kingston, treasurer.

The station will replace the light attendant stations at Watervliet and Turkey Point. The construction of an arterial highway through the property at Watervliet forced the closing of this station. The Coast Guard will retain the Turkey Point site as an unmanned mooring.

Says U.S. Friendship Still Aim Paris Aide Gives Views on Pull-Out

Copyright 1966 by The Associated Press

PARIS (AP)—Foreign Minister Maurice Couve de Murville says France is quitting the North Atlantic Treaty Organization's military command because it is out of date, but it doesn't want its friendship with the United States to diminish.

"In the nuclear era, this organization does not deal with the essential element of defense which is nuclear defense," Couve de Murville said.

"France does not seek a special advantage. She is adopting herself to a new situation and this can only have advantages for the equilibrium and peace in Europe."

President Charles de Gaulle's government contends that NATO's nuclear arsenal is almost entirely owned and controlled by the United States and that NATO has no effective hand in it.

Replying in writing to questions submitted by The Associated Press, the foreign minister said France values American friendship highly. He denied that his government plans a non-aggression pact with the Soviet Union, and reiterated that the French would like to "contribute to a peaceful settlement" in Viet Nam.

Couve de Murville said that in withdrawing from the military structure of the North Atlantic Treaty Organization, "we are acting normally, as any government, in the interests of our country, and we believe besides that what we are doing is in no manner contrary to the well understood interests of our allies."

He stressed that France intends to remain part of the North Atlantic Treaty signed in 1949. He pointed out that the military organization was developed after the treaty was signed and "is in no way a condition of it." The United States feels, however, that the military organization is an essential part of the alliance.

Couve de Murville declared that France had no intention of offending the United States by its stand on NATO or conversion of its excess balance of payments into gold.

"American friendship is an ancient precious value to which we are all attached in France and which we do not wish to see disappear or even diminish," he said.

He noted that the conversion of dollar holdings into gold was provided for by the Bretton Woods agreements and said the United States had always done this in the same circumstances.

France notified its NATO allies last month that U.S. and Canadian forces on its soil must leave within a year and that NATO headquarters in France must withdraw by the same time. The United States wants to extend the time limit for at least another year.

Asked what France proposes to do about paying the costs for relocating NATO, Couve de Murville said: "Settlement of financial problems is a matter for negotiations, according to the provisions of the NATO accords, or the Franco-American accords."

The foreign minister denied that French policy was maneuvering the United States into closer cooperation with West Germany in military matters.

Inspect Property In Zone 3 Section

Properties in a city area designated as Zone 3 are now being inspected, the Kingston Housing Code Commission announced today.

Inspections are to determine conformance with the code and Zone 3 is composed of all streets within the following boundaries: Delaware Avenue (from Kingston Point to Broadway).

Broadway (from Delaware Avenue to the New York Central Railroad tracks); thence, north along said tracks to the city line.

From the intersection of the city line, New York Central Railroad, in the town of Ulster east along the city line to the Hudson River.

The Commission also announced that this survey is being done by its chief inspector, Burrell Schwarzwelder of 132 St. James Street, a former city building inspector. The Commission asks "the citizens of this area to cooperate with the inspector in this important work."

Must Beat

peace if, glaring economic and social inequality among the peoples of the world exist.

Tying the hopes for peace to helping "the disinherited and left-out of this world," the vice president said:

"Today there are families spending their last day on earth because they haven't the strength or health to keep going."

"But those who remain—and you can be sure of this—those who remain will take to the streets...they will turn to any master...they will tear the fabric of peace to shreds, unless they have some reason to believe there is hope for life and hope for justice."

Humphrey then tied this idea to President Johnson's foreign aid request now before Congress and said, "We hear the same doubts and complaints today that we heard 20 years ago."

"If someone has a substitute for foreign aid, I'd like to hear about it," he said. "The investment we make in foreign aid in preventive medicine. If you will—is certainly less than that necessary to treat the symptoms of massive economic crisis and disorder and, yes, of war."

But Humphrey said leadership in the world requires "far more than a large stock of gunboats and a hard fist at the conference table" or the ability to go it alone, "although we must not be afraid to do so when necessary."

"Leadership today requires understanding of the problems we face—of the resources at hand—and of the objectives we seek," Humphrey said.

It requires the ability, perhaps even more, to lead and inspire others—to lead, and inspire in a sense of common enterprise.

"For as strong and rich as we may become, our goal of a just and peaceful world will never be achieved by America alone," Humphrey said.

"It will be achieved only when the resources of strong and weak, rich and poor alike are allocated in the most efficient manner possible, to challenges that are far too great for any one nation or group of nations to overcome."

Thant Visits Europe

UNITED NATIONS, N.Y. (AP)—U.N. Secretary-General U Thant leaves tonight for a 10-day visit to Europe and talks with French President Charles de Gaulle and British Prime Minister Harold Wilson.

Bank Displays Bogus Bills at Woodstock Office

Kenneth E. Osterhoudt, assistant cashier and Woodstock manager of the Rondout National Bank, has invited the public to visit a Federal Reserve display of counterfeit money at the Woodstock office of the bank in the Bradley Meadow Shopping Center.

The currency will be on display for the next 10 days from 9 a. m. to 3 p. m. Monday through Thursday and Friday from 9 a. m. to 5 p. m. and 6-8 p. m.

Osterhoudt said that there will be six different sets of bills in denominations of ten, 20's and 100's. A genuine bill will be next to the counterfeit note and the public will be able to compare the two.

Speaking of bogus money, Osterhoudt said, "The thing that fools most would-be counterfeiters is the paper the money is printed on. The paper is of a fine grain and has a very definite feel to it. Any experienced teller will quickly notice a difference in the texture."

"As far as the appearance of the money," he continued, "The counterfeiters can be very clever, making it almost impossible for the inexperienced person to spot a bad bill. The bills we have on display are very close replicas of the genuine bills and people visiting our exhibit can see for themselves just how clever these counterfeiters can be."

Hanoi Planes

al city of Vinh and letting loose with bombs up to 2,000 pounds.

Air Force pilots reported spotting four surface-to-air missiles Sunday 30 miles northeast of Hanoi. In accordance with new security rules, a spokesman refused to disclose whether the two planes shot down were hit by missiles.

In political developments, the government announced it would appoint a Committee of 100 to conduct the national elections it has promised in three to five months. But even as it did, a student orator told a rally in Saigon: "Before we talk about elections, the government must stabilize the situation in the country." He was heavily applauded.

Ten thousand Roman Catholics demonstrated in Saigon Sunday while others marched in nearby Thu Duc and in the northern city of Da Nang. The demonstrations, a show of strength against the Buddhists, all demanded a more vigorous war effort against the Communists.

Four Persons Injured In Crash Near Shokan

Four persons were injured in a one-car accident about 1:30 a. m. Sunday on Route 28 near Shokan in which the driver was cited for a traffic violation.

Taken by Doctors ambulance to Kingston Hospital for treatment of their injuries were, Anthony M. La Rocco Jr., 23, of 44 Post Street, the driver, who suffered leg bruises; James Reynolds, 20, of 37 Emerick Street, hip and leg injuries; Allie Manello, 19, of 149 Spring St., hip and back injuries; and Edwin Craig, 20, of Box 409, Maple Hill, back, neck and arm injuries. Reynolds, Craig and Manello were passengers in the LaRocco car. La Rocco was issued a summons for driving at a speed too fast for conditions.

State Police at the Lake Katrine substation said that La Rocco was driving east on the highway when his vehicle went into a skid and spun around striking guard rails.

A fire in the Franklin County community of Brushland Sunday took the lives of Edward Baker, about 63, and his mother-in-law, Mrs. Bertha Lavigne, about 79, in their home.

In New York City, a Brooklyn tenement fire Friday night killed Ronnie Frederick, 5, his brother, Melvin, 2, and their sister, Cynthia, 4.

Another fire in Brooklyn early Saturday killed four sisters, Mary Anna DeBlase, 5, Jacqueline, 3, Michele, 2, and Louise, 15 months.

Other deaths, by community:

Catskill—Lawrence Fox, 17, of Brooklyn, in the sideswiping of two cars on Route 9W.

Fort Plain—Jay Moyer, 79, of Fort Plain, car hit a tree beside Route 80.

Stephentown—William Connors, 44, of New Lebanon, motorcycle hit several guard posts.

Saugerties—George Hagopian, 14, of New York City, a student at Pine Grove Camp and School, drowned when he fell from a dam into a body of water used as the camp's swimming pool.

Valley Stream—Charles Laing, 28, of Freeport, struck by hit-run driver while changing a tire on Southern State Parkway.

Oceanside—Barbara Rehak, 24, of Wantagh, passenger in car that struck a pole at Long Beach Avenue and Lincoln Road.

Ithaca—Robert Cole, 15, of Ithaca, struck by car.

Lindenhurst—Eugene Calvo, 35, of West Babylon, passenger in automobile that collided with a dump truck.

Farmingdale—Carmello Cecano, 73, of Farmingdale, of injuries received Saturday night when struck by car on Carman's Road.

New York—Julius Greenfield, 74, of Brooklyn, struck by ambulance at Brooklyn intersection.

Smithtown—Harold V. Knight, 22, of Ronkonkoma, died of injuries suffered Saturday when auto struck a guard rail.

Gridder Killed

EUGENE R. SMITH

Accidents Mar

recorded as the county's 17th highway death of 1966.

Ulster County Coroner William S. Keyser gave a verdict of accidental death due to a basal fracture of the skull and brain lacerations.

Smith was administered oxygen by Doctors ambulance attendants on the way to Kingston Hospital, where the youth was pronounced dead.

Funeral Is Tuesday

Young Smith was a member of Trinity Evangelical Lutheran Church, Trinity Sunday school, senior class of Kingston High School, YMCA, Rapid Hose Company No. 1, DECA and the Kingston Billiard Club. He was a letterman on last year's varsity football team. Smith had been on the varsity squad as tackle for two years. He also played freshman football and intramural basketball.

Surviving are his parents, Abram and Marion Albrecht Smith; a brother, Ronald Smith of Kingston; a sister, Marilyn, wife of Peter Wojcik of Santa Monica, Calif.; several uncles and aunts, nieces and nephews.

Funeral services will be held at the Keyser Funeral Service Kingston Chapel, Albany and Manor Avenues, Tuesday 2 p. m. The Rev. John H. Frenssen, pastor of Trinity Evangelical Lutheran Church will officiate. Burial will be in Montrose Cemetery. Friends may call at the Kingston Chapel today 3 to 5 and 7 to 9 p. m.

Found Face Down

Kingston State Police said the Hagopian boy apparently had been walking through fields when he accidentally fell into the creek near the camp. He was found face down in the water some time after his disappearance was reported, authorities said.

The drowning was investigated by Sergeant Henry S. Rhodes, BCI Investigator Joseph Ventriglia and Trooper Carl Van Wageningen, and County Coroner Henry S. Hartley, who gave a verdict of accidental death by drowning.

Leeds State Police reported Ambrozio died as the result of an accidental shooting at about 10 p. m. Saturday. They said the man was showing his sister-in-law, Borzena Jacolik, also of Hempstead, how to operate a rifle when the gun accidentally discharged.

Died Following Surgery

Troopers said the gunshot entered the victim's lower abdomen and groin. Ambrozio died after undergoing surgery at Albany Medical Hospital, where he was transferred from the Greene County Memorial Hospital at Castkill.

The motorcycle fatality was investigated by BCI Investigator Ventriglia and Troopers P. J. Benenese and Jack Ostmark of Highland.

ALBANY, N.Y. (AP)—Seven children and two adults died in three separate fires over the weekend as the New York State accidental death toll numbered 24.

A fire in the Franklin County community of Brushland Sunday took the lives of Edward Baker, about 63, and his mother-in-law, Mrs. Bertha Lavigne, about 79, in their home.

In New York City, a Brooklyn tenement fire Friday night killed Ronnie Frederick, 5, his brother, Melvin, 2, and their sister, Cynthia, 4.

Another fire in Brooklyn early Saturday killed four sisters, Mary Anna DeBlase, 5, Jacqueline, 3, Michele, 2, and Louise, 15 months.

Other deaths, by community:

Catskill—Lawrence Fox, 17, of Brooklyn, in the sideswiping of two cars on Route 9W.

Fort Plain—Jay Moyer, 79, of Fort Plain, car hit a tree beside Route 80.

Stephentown—William Connors, 44, of New Lebanon, motorcycle hit several guard posts.

Saugerties—George Hagopian, 14, of New York City, a student at Pine Grove Camp and School, drowned when he fell from a dam into a body of water used as the camp's swimming pool.

Valley Stream—Charles Laing, 28, of Freeport, struck by hit-run driver while changing a tire on Southern State Parkway.

Oceanside—Barbara Rehak, 24, of Wantagh, passenger in car that struck a pole at Long Beach Avenue and Lincoln Road.

Ithaca—Robert Cole, 15, of Ithaca, struck by car.

Lindenhurst—Eugene Calvo, 35, of West Babylon, passenger in automobile that collided with a dump truck.

Farmingdale—Carmello Cecano, 73, of Farmingdale, of injuries received Saturday night when struck by car on Carman's Road.

New York—Julius Greenfield, 74, of Brooklyn, struck by ambulance at Brooklyn intersection.

Smithtown—Harold V. Knight, 22, of Ronkonkoma, died of injuries suffered Saturday when auto struck a guard rail.

Financial and Commercial

NEW YORK (AP)—The stock market moved irregularly lower early this afternoon as trading slackened well below last week's average level.

New credit restrictions imposed by the major exchanges went into effect, putting a crimp into the operations of the small speculator and the daylight trader.

Coppers showed a flash of strength following the move by Zambia which, in effect, moved up its price in line with the recent hike by Chile. The strength in coppers soon turned to irregularity, however.

Steels backed away fractionally following reports that orders for steel were being cut by the auto manufacturers. A published report that the Federal Reserve Board may be on the verge of deciding to tighten credit further was another dampener.

Airlines were generally lower and aerospace issues were off with the exception of Boeing. Motor stocks were mixed. The Associated Press average of 60 stocks at noon was off 2 at 351.2 with industrials off .7, rails up .2 and utilities unchanged.

The Dow Jones industrial average at noon was off 1.51 at 948.32.

Sperry Rand opened on a late block of 76,000 shares, up 1/4 at 25, then erased the gain and eased.

Prices were irregularly higher or fairly active trading on the American Stock Exchange. Corporate bonds were mostly unchanged. U.S. Treasury bonds declined.

Quotations by Wood, Walker & Company, members of the New York Stock Exchange, 63 Wall Street, New York City branch office, 52 Main Street, Lowell S. Brooks, manager.

Butter Market

NEW YORK (AP)—(USDA)—Butter offerings light to adequate. Demand fairly good.

Wholesale prices on bulk cartons:

Creamery, 93 score (AA) 63 1/2-63 3/4 cents, 92 score (A) 63 1/4-63 1/2.

Cheese offerings fully adequate. Demand slow.

Wholesale sales, American cheese (whole milk): single dairies fresh 48 1/2-50 cents, single dairies aged 54-58, flats aged 55-60 processed American pasteurized 5 lbs 44 1/2-47 1/2, domestic swiss (blot) grade "A" 54 1/2-59, grade "B" 52 1/2-58, grade "C" 51 1/2-57.

10 Perish

of four major highways and numerous farm-to-market roads in Gregg, Upshur, Harrison, Wood, Rusk and Marion counties.

Many streets in Longview were impassable and water stood three feet deep in some areas. Over 7 inches of rainfall was recorded between midnight Saturday and noon Sunday.

An estimated \$25,000 damage was caused Saturday night when a tornado whipped through the edge of Willsboro, northwest of Longview. The twister damaged the city auditorium and 40 new automobiles on a dealer's lot. A roof crushed two cars, but no injuries were reported.

San Antonio Blacked Out

A wide area of San Antonio was blacked out Sunday night when heavy rains and a thunderstorm swept across the city. Lightning struck a power line, causing a brief fire. Many San Antonio motorists were stranded when their automobiles drove into rain-filled streets.

Power company officials said the blackout was short and was restricted mainly to the north-east section of the city.

Tiano Resigns

Aaron E. Klein resigned comment on Tiano's resignation.

Tiano, who is sports editor of the Kingston Daily Freeman, was one of the original backers of the present chairman and has served as party secretary for three years. He was first elected in 1963 and re-elected in 1965.

He has been Democratic town chairman in Woodstock for the past seven years and was the party's candidate for supervisor in 1959, 1961 and 1963. The Democratic Party of Woodstock did not have a candidate for supervisor in 1965.

16,071 Is Total

lic was treated to many colorful and varied exhibits, displays and products. Chairman Feltham expressed his thanks and appreciation to the exhibitors for their continued support and excellence in providing the people in the Hudson Valley an exposition everyone can be proud of.

Favorable Comments Expressed

Many favorable comments were expressed by the public on the organization, outlay and variety of exhibits at this year's Lions Show. A highlight of Saturday's program was the announcement of the top awards given by the Lions Club. The first award of a car was won by Mrs. Mary King of 37 Hoffmann Street. Winner of the Honda, the second award, was Robert Newcombe, Manor Lake. The other three top winners who received TVs were Richard E. Fox, 411 Spillway Road, West Hurley, Charles Manguso, 46 Navara Street, and H. W. Nestle, 110 Henry Street.

Lions Fund-Community Projects

The conclusion of this year's successful '66 Lions Club show will again insure opportunities for the Lions Club to provide many valuable community service projects. All funds derived from the Exposition are used by the club to carry on many civic and community projects, activities, scholarships and support of the Special Sight conservation program. The Kingston Lions Club appreciates the support of the public at the Show and look forward to providing needed community programs and projects." Feltham said.

Egg Market

NEW YORK (AP)—(USDA)—Wholesale egg offerings of large fully adequate; mediums and smalls irregularly distributed. Demand fairly good.

New York spot quotations: Standards 38 1/2-39 1/2, checks 33-34.

Whites: Extra fancy heavy weight 40 1/2-43, fancy medium 38 1/2-

The Weather

MONDAY, APRIL 25, 1966
Sun rises at 5:02 a. m.; sun sets at 6:47 p. m., E.S.T.
Weather: cloudy.

The lowest temperature recorded on The Freeman thermometer during the night was 48 degrees. The highest figure recorded up to noon today was 62 degrees.

CLOUDY AND COOL

Lower Hudson Valley:
Partly cloudy and breezy, with seasonal temperatures today. High in the upper 50s to mid 60s. Mostly fair, breezy and cooler tonight and Tuesday. Low tonight, 35 to 45. High Tuesday in the 50s to low 60s. Winds west to northwest, 10 to 20, and occasionally gusty through Tuesday.

Mohawk Valley:
Northeastern New York:
Partly cloudy and breezy, with little change in temperature today. High in the 50s to around 60. Mostly fair, breezy and cooler tonight and Tuesday. Low tonight in the 30s. High Tuesday in the 50s to near 60. Winds west to northwest, 10 to 25, and occasionally gusty through Tuesday.

Western New York:
Mostly sunny today. High, 55 to 60. Fair and cooler tonight. Low in the 30s, with scattered frost likely. Tuesday, sunshine, few cloudy intervals and seasonably cool. West to northwest winds, 10 to 25, becoming mostly northerly, 5 to 15, tonight and Tuesday.

Rain Eases Dry Spell in State

ALBANY, N.Y. (AP) — April showers—in the form of drenching rain—eased a Spring dry spell across most of Upstate New York over the weekend, leaving more than an inch of rain in some areas.

The Weather Bureau said partly cloudy and mild weather would follow the lingering showers. The bureau added that rainfall Saturday and Sunday totaled up to an inch and a third in the upper Hudson and Mohawk Valleys and the southern Adirondacks.

The Albany area, which had had less than 20 inch of rain since the beginning of April, received about an inch, leaving it still with nearly an inch deficiency since Jan. 1.

Points reporting more than an inch by late Sunday included Utica, Gloversville, Olean, Syracuse, Canada Lake and Tribes Hill.

Officers Elected By Exempt Firemen

Rodney DuBois was elected president of the Kingston Exempt Firemen's Association at the association's regular monthly meeting last week.

Other officers included Charles Reis, first vice-president; Anthony Bonomo, second vice-president; A. Foster Winfield, secretary and Joseph DeLuca, treasurer.

Winfield and Reynolds Van Keuren were elected delegates to the Kingston Veteran Volunteer Firemen's Association. Van Keuren was also elected a delegate to the Firemen's Association of New York with Kenneth DuBois as an alternate. In addition, Van Keuren was appointed a director of the local association, with Edwin Kolts, Arthur Smith, Tibor Tomshaw and K. DuBois.

DeLuca was named a delegate to the Hudson Valley Volunteer Firemen's Association with Frank LaLima as the alternate. LaLima was also appointed to the auditing committee along with Miller Locke and Addison Jones.

Named delegates to the Ulster County Volunteer Firemen's Association were R. DuBois and Walter Bruchholz.

The secretary and treasurer's reports were approved and a general discussion on fire fighting was held before adjournment.

Injured by Saw

A Ridgewood, N. Y. man, injured in a weekend power saw accident at Mt. Tremper, was reported in satisfactory condition today in Kingston Hospital.

State Police at the Lake Katrine substation said that Raymond W. Nordenschild, 45, of Ridgewood, suffered massive cuts to the right leg in the mishap. He was taken to the hospital by Gormley's ambulance.

Man Hears Noises

After Head Injury

MIAMI, Fla. (AP) — Sometimes the noises inside Dorian Figueroa's head sound like frogs down on the pond, sometimes like a siren, sometimes like the wind being forced through a crack in a car window.

"To me," says the man on whom surgeons have operated three times to try to still the noises, "it is the sound of a dying puppy dog."

Figueroa, 38, fell 20 feet from a ladder May 28, 1964, and fractured his skull and four vertebrae, broke his right collar bone and lost hearing in his right ear.

Then the noises started. His wife, Margie, didn't believe him when he told her.

Wife Hears Them Too

"We had cross words one day," she said, "and I put my arms around him to make up and I heard for myself. I said, 'My God, forgive me.'"

His wife said the noises vary in volume, pace, and intensity.

"But the loudest is always at night," she said. "It sounds like a siren."

A brain surgeon said the noises may originate from an abnormal blood vessel connection. The surgeon said this vessel could possibly be within the skull, possibly from the shoulder injury.

"There is an answer to this," the surgeon said. "We intend to find it. The condition is quite unusual," he said, "but not unheard of."

Figueroa, who is going back to the hospital for more tests, said he has headaches and not much sense of balance.

Mission Same Will Adopt New Big Bomb Image

WASHINGTON (AP) — The Pentagon atomic arms agency wants to soften its "big bomb" image.

So it is about to adopt a new insignia.

Gone will be the mushroom cloud — dread symbol of atomic destruction — that now dominates the insignia of the Defense Atomic Support Agency.

Some 4,000 military men assigned to the agency now wear a shoulder patch which also shows a white cloud mushrooming up from a patch of green which represents the earth.

This patch, too, will be replaced by a tamer new design.

But the agency's mission won't change.

The agency still will be responsible for conducting underground nuclear weapons tests, preparing for atmospheric tests, in event of a breach of the limited test-ban treaty, studying atomic weapons effects, and advising the Defense Department and the Joint Chiefs of Staff.

Instead of the dominant mushroom cloud, the new emblem and patch will feature three golden arrows pointing upward, set in a shield of blue.

What does this mean?

"It represents the three armed services united in a common purpose," an official explained.

The military heraldry artists who designed the new emblem decided to surround the shield with a circle of chain links.

This, it developed upon investigation, is meant to represent the chain reaction in the atomic process.

On close inspection, an observer noted tiny white shapes clustered around the shield and arrows. The shapes looked like tadpoles.

"Yes, those are mushroom clouds," acknowledged the official.

But, he pointed out, "they're so small you can hardly tell that's what they are."

Expect Disputes On Some Bills at Congress Session

By WILLIAM F. ARBOGAST
WASHINGTON (AP) — Missiles, rural poverty, job rights for minorities, protection for cats and dogs and another round in the battle of the budget give Congress a diversified program this week.

The House floor action starts Tuesday with consideration of a \$6.9-billion appropriation bill for the Department of Agriculture for the 1967 fiscal year. What little controversy is expected will center on the addition of about \$128 million in funds President Johnson didn't request.

Most of the extra money would be used to keep the school lunch program and the special milk program for children operating at 1966 levels despite the President's proposal to trim them down. The Appropriations Committee balked overwhelmingly at following the President's recommendations.

On Wednesday and Thursday, the House will consider the job rights and animal protection measures.

The former would strengthen enforcement powers of the Equal Employment Opportunities Commission created by the 1964 Civil Rights Act.

Notes Research Measure
The animal bill is designed to protect cats and dogs from being stolen for sale to purchasers who in turn sell them for research purposes. It would make it a federal offense to transport or handle the animals in interstate commerce.

The Senate concentrates today on a bill aimed at fighting rural poverty. The measure would make federal funds available for development planning in farm and rural areas.

Thursday, the Senate begins debate on a \$17-billion military procurement bill. Included in the total is \$167 million to push development of an antimissile missile designed to knock enemy missiles out of the sky before they could reach their target.

Major bills will hold the attention of committees in both branches.

The Senate Foreign Relations Committee will continue hearings on foreign aid programs, with Secretary of State Dean Rusk scheduled to make another of his almost weekly visits to the Capitol Tuesday.

The Senate Post Office and Civil Service Committee continues consideration of a House-passed bill to raise the pay of federal civilian employees.

House committee action will focus on legislation to create a department of transportation, broaden unemployment compensation programs, require safety standards for automobiles, set up a world Food for Peace program, and continue the foreign aid program.

SHOWS APPRECIATION—As American Legion Post 150 assembled last week for its monthly meeting, a special presentation ceremony highlighted the evening. On hand (l-r) were Gilbert B. Sampson, committeeman of Boy Scout Troop 12 Indians, and James J. Costello, past commander of the Kingston Post. Sampson presented a framed photograph of the Troop 12 Indians to Costello as a token of Scout appreciation to the Legion Post, one of the three sponsors of the Indians drum and bugle corps. The picture of the musical aggregation will be hung in Legion headquarters. (Freeman photo by Kruh)

Progress Report on Birth Pills

Says Fears Seem Groundless On Long-Term Use; May Help

By FRANK CAREY
AP Science Writer

WASHINGTON (AP) — Fears that long-term use of the controversial oral birth-control pills put out by several firms might cause cancer or other adverse side-effects appear groundless so far, the original developer of the pills said today.

Indeed, declared Dr. Gregory Pincus of Worcester, Mass., an evaluation of new and past studies of the use of the oral contraceptives — being taken by more than five million women in the United States alone — indicates:

1. Aside from apparently producing no major adverse effects on the reproductive and other endocrine-gland-regulated systems of the female body, the pills have achieved "apparent correction of certain abnormality states" in the womb, cervix (entrance to the womb) and breasts of some women.

2. There's justification to explore the possibility that long-term use of the pills may have the added beneficial effect of helping protect women from the form of hardening of the arteries under suspicion by many doctors as being a possible contributor to heart attacks.

Dr. Pincus, a cofounder of the Worcester Foundation for Experimental Biology, gave his views in a "progress report" on investigations into long-term use of "The Pill," prepared for the spring meeting of the National Academy of Sciences.

He also said that various studies by other investigators indicate the pills — rather than being a potential cause of cancer — appear to be potentially protective against both cancer of the cervix and breast.

However, Dr. James A. Shannon, director of the National Institutes of Health, is on record as saying that women may be "taking a chance" by using the pills — and that the question of whether there is a long-term hazard, such as cancer, can only be settled by keeping close tabs on "a substantial number of patients over a number of years."

It was exhaustion of mind and body that accounted for much that is otherwise inexplicable in the last year of the war, for instance the deterioration in his relations with President Roosevelt.

"It is certain that the onset of old age and a succession of strokes explain in part why he was not more effective as a leader of the opposition (during the 1945-51 Labor government and later as first minister of the crown).

"While Churchill counted politically these details are part of history, and in justice to him ought not to be left out of his story."

Accuse Detective Of Bribe Charges

NEW YORK (AP) — A Manhattan detective, six times cited for his excellent police work, has been arrested on charges of extortion and bribery.

Detective Salvatore Manno, 45, was accused in a complaint by Mrs. Abe Raddiris of demanding and then taking \$50 not to "bother or harass" her husband.

The woman's appeal to the Police Review Board led to the arrest Sunday. Manno was paroled by Judge Neal P. Bottiglieri for a hearing May 11 on charges of extortion, bribery and accepting unlawful fees.

Raddiris had been picked up on a policy charge and later acquitted, police said.

After the acquittal, Mrs. Raddiris charged, Manno came to their home and asked to be "taken care of," saying he had "gone easy" on her husband.

Doubleday to Talk At Safety Awards Fete

Robert F. Doubleday, producer-director of WSYR Channel 3, Syracuse, will be the principal speaker at the 41st Annual Safety Campaign Award Banquet at the Helms Center, Park Avenue, Poughkeepsie, Monday evening, May 2.

The annual statewide Accident Prevention Campaign is conducted by Associated Industries of New York State, Inc. and co-sponsored by The Mid-Hudson Industrial Association. This year's banquet will again be a double barrel affair featuring a Ladies Night and the presentation of awards.

Mr. Doubleday has chosen as the title for his talk "The Magic Words."

This year's safety campaign was conducted from January 3 to March 26 with 28 firms filing 40 entries covering various departments in their firms. There will be 23 awards presented to 19 firms including four Grand Awards, one Eleven-Year Award, one Twelve-Year Award, one Eight-Year Award and two Six-Year Awards.

Justices Attend Class

Milton Houst, justice of the peace, Town of Woodstock, and Daniel J. McMonagle, justice of the peace, Town of Rosendale, were two of 120 trainees, including justices of the peace, police justices and other persons interested in justice court work, in attendance at a judicial training program.

The program was the fourth annual Spring Justice Training Program sponsored by the Judicial Conference and held at Albany Law School.

Classes were held Fridays and Saturdays for three weekends in March and April, 1966, and covered such topics as: criminal and civil procedure, treatment of youthful offenders; elements of common crimes; the rules of evidence; vehicle and traffic law violations and the procedure for their disposition.

In addition, advanced training in the field of evidence was offered to experienced justices. The trainees observed court room procedure demonstrations covering both criminal and civil trials. An actual radar demonstration was conducted to familiarize the trainees with
